SMARTER**

OPUS Group Limited ('OPUS' or the 'Group') (ASX: OPG) is a group of leading specialist print and related services businesses, spanning Asia Pacific supported by a strong relationship with its Hong Kong listed 62% shareholder, 1010 Printing Group Limited ('1010'), which operates from Hong Kong and China.

Commenting on the full-year result released today, OPUS CEO Cliff Brigstocke said:

"Our full-year 2015 result shows we are delivering on the plan agreed with our major shareholder, 1010 over 12 months ago.

Whilst there is much to be done and we face ongoing challenges with margin erosion and input costs, the result highlights the strategy is working and can be built on.

Focus, discipline and not allowing distractions have been a key element in our plan. Each of our businesses has strong underlying fundamentals and niche sectors where we can add real value to our customers, so we have a good foundation to build upon.

With 1010's ongoing support, we have now completed a number of cross-border customer deals as well as realising procurement savings by leveraging the combined Group's buying power.

Our debt free status has enabled us to take advantage of selective Capex investment with the most recent being the assets of Protectaprint where we will be bringing in-house all aspects of cover embellishments to provide improved speed to market and cost savings.

Content delivery will continue to be required faster and more economically. Our business model revolves around this and with our strategic customers we will continue to drive speed to market initiatives and greater efficiencies to deliver on both speed and price. Complimenting this is strong Group IT support allowing us to develop a range of semi and automatic ordering systems that increase efficiencies."

OPUS' Executive Chairman, Richard F. Celarc commented further:

"To build on our six-month results in this way is testament to all the hard work put in by our team and the strong support we have from 1010.

Our resolve remains incredibly firm and we are doing what we said we would, without distraction and with an increased focus on what matters most to our customers and shareholders.

As I mentioned in my six-monthly results comments, we are building on what is a successful formula, a back to basics approach that is simple and clear to all, combined with a hands on management style.

**CONTENT  
FASTER  
SMARTER**

As our CEO states, there is much to be done and we will not and cannot rest. We have worked hard to get to this point and we will now further drive the advantage we have with our niche businesses to ensure a sustainable result.

We look forward to working even more closely with our key customers and suppliers as we further develop our business model which is centred on value and speed.

I would like to reiterate my thanks to our customers and suppliers who have supported the OPUS Group in the past two years and especially to our staff who have worked very hard to deliver the result we have announced.”

### ***PUBLISHING SERVICES DIVISION***

<b>A \$000</b>	<b>Year ended 31 Dec 2015</b>	<b>Six months ended 31 Dec 2014 (restated)</b>	<b>Year ended 30 Jun 2014 (restated)</b>
Revenue	94,963	46,384	95,491
Others	2,111	480	1,091
Operating expenses	(83,885)	(43,469)	(83,885)
EBITDA	13,189	3,395	12,697

The Publishing Services division showed a slight 1% drop to \$94,963,000 over the year ended 30 Jun 2014 which contained the sales from significant lost account, and if restated, shows the underlying performance is in-fact recovering well.

Digital print production has been a key component of our strategy as does working alongside 1010 and offering both on and off-shore production.

Each of our businesses is focusing on their core strength which is bearing fruit and alongside a strong Operations team, we are working closely to utilise latent capacity which will see further benefits achieved.

For personal use only

**OUTDOOR MEDIA DIVISION**

<b>A \$000</b>	<b>Year ended 31 Dec 2015</b>	<b>Six months ended 31 Dec 2014 (restated)</b>	<b>Year ended 30 Jun 2014 (restated)</b>
Revenue	20,808	11,585	21,382
Others	1,622	2	4
Operating expenses	(18,123)	(9,662)	(18,371)
EBITDA	4,307	1,925	3,015

The Outdoor Media sector continued to perform strongly however increased competition is impacting margins. The full-year result is 3% down on the year ended 30 June 2014 and reflects the divestment of the New Zealand Outdoor Media business.

The New Zealand divestment will allow a much clearer focus for the Australian Outdoor Media business; Cactus Imaging and plans are in place to capitalise on this.

Similar to the Publishing division, further selected Capex has been approved to drive revenue and profitability of the business.

**OUTLOOK**

The Board expects that with the business firmly focused and driving further value add in its niche segments that the momentum built in 2015 will continue into the forward year.

**Appendix 4E - Preliminary Final Report**  
**For the year ended 31 December 2015**

(Previous corresponding period: Six Months ended 31 December 2014)

**RESULTS FOR ANNOUNCEMENT TO THE MARKET**

Revenue from ordinary activities	Up (favourable)	99% - Six Months Ended 31 Dec 2014  (1%) - Twelve Months ended 30 Jun 2014	to	\$115,465,000
Profit before income tax	Up (favourable)	225% - Six Months Ended 31 Dec 2014  123% - Twelve Months ended 30 Jun 2014	to	\$9,799,000
Profit from ordinary activities after tax attributable to members	Up (favourable)	237% - Six Months Ended 31 Dec 2014  126% - Twelve Months ended 30 Jun 2014	to	\$12,047,000
Profit for the period attributable to members	Up (favourable)	237% - Six Months Ended 31 Dec 2014  126% - Twelve Months ended 30 Jun 2014	to	\$12,047,000

*Note: During the prior period, OPUS Group changed its year end to 31 December from 30 June. Therefore the comparative figures for the period are six months ended 31 December 2014.*

**DIVIDEND INFORMATION**

	Amount per share (cents)	Franked amount per share (cents)
Interim Dividend for the year ended 31 Dec 2015 (Six months ended 31 Dec 2014 : Nil) per share	1	1
Final Dividend for the year ended 31 Dec 2015 (Six months ended 31 Dec 2014 : Nil) per share	2	2
Dividend reinvestment plan	Not applicable	

On 29 February 2016 the directors declared a final dividend for the year ended 31 December 2015 of 2 cents per ordinary share with a record date of 30 May 2016 to be paid on 10 June 2016, a total estimated distribution of \$1,928,000 based on the number of ordinary shares on issue as at 29 February 2016. As the dividend was fully franked, there are no income tax consequences for the owners of OPUS Group relating to this dividend.

**NET TANGIBLE ASSETS/LIABILITIES**

	<b>31 December 2015</b>	<b>31 December 2014</b>
Net tangible assets per security (cents)	28.68¢	16.87¢
Net tangible assets are calculated as net assets less total intangible assets. Net tangible assets per share is based on OPUS Group Limited's issued capital as the legal parent entity and issuer of this financial information for both periods.		

**EXPLANATION OF FINANCIAL PERFORMANCE**

On 30 October 2015, Cactus Imaging Holdings Limited (formerly known as Omnigraphics Limited), a wholly owned subsidiary of OPUS Group in New Zealand, sold its trademark, plant and equipment, inventories and business operation. Cactus Imaging Holdings Limited was a provider of grand and large format printing for outdoor advertising in New Zealand. After the sale, OPUS Group ceased its Outdoor Media business in New Zealand. Please refer to the Company's Market Release dated 29 February 2016 and the attached Financial Report which explains the performance of the OPUS Group.

## **OPUS Group Limited and Controlled Entities Operating and Financial Review**

The Board presents the *Operating and Financial Review* for the year ended 31 December 2015, which has been designed to provide the shareholders with a clear and concise overview of OPUS Group's operations, financial position, business strategies and prospects. The review also provides contextual information, including the impact of key events that have occurred during the year and material business risks faced by the business so that shareholders can make an informed assessment of the results and prospects of OPUS Group. The review complements the financial report. OPUS Group has changed its year end to 31 December to align with the financial year end of its ultimate holding company in 2014. As a result, the comparative figure of the financial statements is prepared for the six months ended 31 December 2014.

### **1. OPUS GROUP'S OPERATIONS**

#### **Our Business Model**

OPUS Group is an Asia-Pacific, technology based (Australian headquartered) printing group, servicing two operational platforms – Publishing Services and Outdoor Media. Employing a dynamic technology platform, the OPUS Group produces and distributes published content at the speed and scale required by a range of increasingly global customers.

The OPUS Group offering includes a regional end-to-end value chain with facilities in Singapore, Sydney, Maryborough, Canberra and Auckland with global access through 1010 Printing Group Limited ("1010 Group"), a substantial shareholder of OPUS Group. 1010 Group is an international integrated print management company with printing facilities in China and sales offices and agents in Hong Kong, United States, the United Kingdom and Europe. OPUS's innovative regional solutions enable it to handle business services and technology-led communications solutions for Asia Pacific. The regional solution allows customers to select the optimal content solution based on product type, run length, timing, location, security and fulfilment.

OPUS Group's competitive advantage is to combine the three strengths of specialisation, speed and scale. OPUS Group provides full service capability for specialist markets based on factors such as quality, technical capability, specialised equipment, unique expertise and high value add services. OPUS Group is a leader in short run, time sensitive printing and business services. OPUS Group is aligned to meet clients' needs on speed through new digital technology. OPUS Group is uniquely positioned to deliver a range of complementary products and business services across multiple regions.

OPUS Group's vision is to be the partner of choice to produce and deliver published content faster and smarter via an integrated full service end-to-end value chain.

#### **Our Operations and Divisions**

##### *Publishing Services Division*

The Publishing Services Division is responsible for the production, management and distribution of printed and digital content for professional, educational, read for pleasure, Government and many of the world's largest publishers.

With facilities operating in Singapore, Sydney, Canberra, Maryborough and Auckland, the Publishing Services Division offer spans the electronic, digital and offset book production spectrum with a suite of complementary business services including Print on Demand, back catalogue fulfilment, content and digital asset management, direct to consumer distribution, virtual warehousing, web storefront and EDI and mailing.

Customers in the Publishing Services Division can access multiple content and service delivery options across traditional print, digital print-on-demand, distribute & print and online electronic delivery.

## **OPUS Group Limited and Controlled Entities Operating and Financial Review**

### *Outdoor Media Division*

The Outdoor Media Division is the largest provider of grand and large format printing for outdoor advertising and is a leading production house in Australia.

This involves the creation, production and distribution of outdoor media advertising material and corporate signage, such as billboards, bus advertising, retail displays, building and vehicle wraps and trade exhibitions using a wide variety of flexible and rigid materials and offering a full range of in-house finishing.

The Outdoor Media Division remains at the forefront of industry development for new and exciting products and technologies and is a member of the Hewlett Packard global advisory board on technology and innovation.

Opus Group sold its Outdoor Media Business in New Zealand in October 2015.

## **2. KEY STRATEGIES**

### *Value chain management*

The additional resources available from 1010 Group have strengthened OPUS Group's procurement efficiency. Having these economies of scale is a key success factor in our industry. The combined procurement budget enables the expanded group to be one of the largest in the industry. This will translate to a cost saving for OPUS Group. The combined extensive network in the printing industry enables OPUS Group to have a strong back up and great flexibility on the services offering to its customers.

### *Operations efficiency*

To assimilate and streamline the internal process among all the facilities, the OPUS Group ICT team is working to enhance the ERP system and standardise some operating systems. This enables management to efficiently align and allocate resources amongst different facilities and better support the growing need for regional distribution and print solutions. The speed in execution and access to data is vital for success.

### *Technology upgrade*

OPUS Group continues to upgrade its technology to increase its competitive edge. OPUS Group will continue its investment in new printing technology and solutions. OPUS' non-traditional print elements and a growing range of products and services form part of OPUS Group's comprehensive offer to help publishers meet the changes currently taking place in their supply chain. OPUS Group Digital leverages off its internet trading and data exchange technology platform, providing an online content management and distribution system that also integrates with customers and with our digital printing equipment.

OPUS Group Digital is the mechanism by which OPUS Group's strategic prospects and its value chain extension strategy meet. The digital strategy for OPUS Group encompasses a distribution system to produce and supply products to consumers, with agility to respond quickly to change and lead our customers in this dynamic environment, across all aspects of our business.

### *Operational and strategic focus*

Following the successful capital restructure and cost base reset in 2014, OPUS Group is continually reviewing the market it operates in and resource allocation to ensure that operations are delivered in the most cost effective mode. Management will continue to improve its cost structure and focus on markets with more opportunity for growth and scale in order to maximise shareholders' wealth.

## OPUS Group Limited and Controlled Entities Operating and Financial Review

### 3. BUSINESS PROSPECTS, OPPORTUNITIES AND RISKS

Having gone through a successful capital restructuring and comprehensive review of the existing facilities and cost base reset, OPUS Group returned to profit in 2015. OPUS Group managed to retain key managers and customers after its cost base reset. The majority of capital reinvestment is now being directed towards new digital equipment to improve turnaround times and productivity to enhance our competitiveness. OPUS Group expects to increase its sales revenue in the coming financial year.

The Board is cautious about the risks which may impact the future financial performance of OPUS Group when looking for opportunities in the markets. The opportunities, risks and the business prospects as a result of execution of the Board's strategy are discussed below:

#### *Digital influence*

The slow growth in the size of the publishing market and the threat of digital transformation is notable. The latest data shows printed books and e-books can co-exist. In parallel with this and to offset any decline in print related products, OPUS has been steadily building its range of non-print products and services as part of the comprehensive solution offer. Known as OPUS Digital this includes but is not limited to micro-warehousing, fulfilment offers, e-book conversions, database mailing, web shop front development and management, subscription and EDM marketing services, both physical and online.

OPUS Group intends to leverage the new technologies to be a leaner and more efficient manufacturer of print related products. These include non-traditional print elements and a growing range of products and services as part of OPUS Group's comprehensive offer to help publishers meet the changes currently taking place in their supply chain.

#### *Reduced print run sizes with increased order frequency*

Publishers are reducing print costs and volumes. OPUS Group is facing the risk of printing market consolidation. As global publishers consolidate their supply chains and look to partners who can extend their services offering, speed to market becomes an essence to the success. OPUS Group continues to upgrade its technology, which includes in-house ERP system and digital print solutions, to meet customers' demand. Our proprietary IPALM® platform enables a combination of Print on Demand and Print to Demand solution to our customers. The ability to print faster and more cost effectively is the competitive edge of OPUS Group.

#### *Slow growth in the domestic economy and foreign exchange fluctuations*

The majority of OPUS Group sales are generated in Australia, and the provision of domestic printing services will continually dominate OPUS Group's turnover. With the expected slow growth in the domestic economy, OPUS Group's turnover may be adversely impacted by adverse consumer sentiment. The principal raw material used in OPUS Group's business is paper. The USD appreciation will affect the paper price and hence dampen OPUS Group's profit margin.

OPUS Group has been reset to increase its competitiveness in the domestic market. OPUS Group is partnering with 1010 Group, to strengthen its sourcing network and bargaining power with the suppliers. OPUS Group is performing a wider role in the value chain by adding services and distribution platforms to support customers' needs. While OPUS Group is able to provide its customers with locational flexibility in Australia, we also have support from manufacturing facilities outside of Australia. It allows OPUS Group to tailor an optimum solution to each customer.

**OPUS Group Limited and Controlled Entities**  
**Operating and Financial Review**

**4. 2015 OPERATING RESULT, FINANCIAL SUMMARY AND COMMENTARY**

OPUS Group reported revenue of \$115,465,000, which is lower than the year ended 30 June 2014 figures (Six months ended 31 December 2014: \$57,969,000; Year ended 30 June 2014: \$116,873,000). The slight drop was caused by the disposal of the Outdoor Media business in New Zealand in Oct 2015. The profit for the OPUS Group after providing for income tax amounted to \$12,047,000 (Six months ended 31 December 2014: Loss \$8,771,000; Year ended 30 June 2014: Loss \$47,073,000).

Further details in respect of these results are provided below:

**Reported Financial Performance**

	<b>Year ended 31 Dec 2015 AUD\$'000s</b>	<b>Six months ended 31 Dec 2014 AUD\$'000s</b>	<b>Year ended 30 Jun 2014 AUD\$'000s</b>	<b>% Change Favourable / (unfavourable) Year ended 30 Jun 2014</b>

**OPUS Group Limited and Controlled Entities**  
**Operating and Financial Review**

**Financial Highlights**

Following the successful restructure of the OPUS Group in the prior period, EBITDA for both divisions and profit before income tax, have both improved.

The Publishing Services Division generated revenue of \$94,963,000 which decreased 1% when compared to the year ended 30 June 2014 (Six months ended 31 December 2014: \$46,384,000; Year ended 30 June 2014: \$95,491,000). The Publishing Services Division managed to retain its key customers. The revenue of the Outdoor Media Division was \$20,502,000 4% down on the year ended 30 June 2014 (Six months ended 31 December 2014: \$11,585,000; Year ended 30 June 2014: \$21,382,000). The decrease is mainly due to sale of the Outdoor Media business in New Zealand.

The Publishing Services Division recorded an EBITDA of \$13,189,000 which increased 4% when compared to the year ended 30 June 2014 (Six months ended 31 December 2014: \$3,395,000; Year ended 30 June 2014: \$12,697,000). The Outdoor Media Division recorded an EBITDA of \$4,307,000 which increased 43% when compared to the year ended 30 June 2014 (Six months ended 31 December 2014: \$1,925,000; Year ended 30 June 2014: \$3,015,000). Others represents unallocated corporate expenses. OPUS Group managed to decrease corporate expenses to \$3,799,000 which decreased 30% when compared to the year ended 30 June 2014 (Six months ended 31 December 2014: \$3,370,000; Year ended 30 June 2014: \$5,418,000).

<b>Profit / (loss) before income tax per the Consolidated Statement of Profit or Loss and Other Comprehensive Income</b>	<b>9,799</b>	<b>(7,853)</b>	<b>(42,308)</b>

OPUS Group recorded profit before income tax of \$9,799,000 (Six months ended 31 December 2014: loss of \$7,853,000; Year ended 30 June 2014: loss of \$42,308,000). The net finance cost was reduced to \$213,000 (Six months ended 31 December 2014: \$1,554,000; Year ended 30 June 2014: \$7,262,000) after the successful debt reduction.

**OPUS Group Limited and Controlled Entities**  
**Operating and Financial Review**

**Asset and Capital Structure (as at date of the Consolidated Statement of Financial Position)**

	2015 AUD\$'000s	2014 AUD\$'000s
Total current assets	37,434	29,925
Total current liabilities	(20,986)	(24,611)
Net current assets	16,448	5,314
Cash:		
Bank debt and borrowings	-	(1,900)
Finance lease liabilities	(151)	(2,118)
Cash and cash equivalents	11,459	7,119
Net cash	11,308	3,101
Total equity	27,649	16,267

Due to the rounding of figures small discrepancies may exist.

\* Bank debt and borrowings excludes off balance sheet bank guarantees and letters of credit.

The financial position of OPUS Group continues its improvement after the recapitalisation transaction in late 2014. As at 31 December 2015, OPUS Group had total equity of \$27,649,000 (2014:\$16,267,000).

There is net working capital of \$16,448,000 (2014: \$5,314,000). The current ratio is 1.8 (2014: 1.2). OPUS Group had cash at period end of \$11,459,000 (2014: \$7,119,000). The only interest bearing liabilities are the finance lease liabilities of \$151,000 (2014: total bank debt and finance lease liabilities \$4,018,000). During the year, OPUS Group repaid the promissory note of \$1,900,000 plus accrued interest to Commonwealth Bank. OPUS Group's gearing ratio, which is calculated on the basis of the total interest-bearing debts over the total equity, is 1% (2014: 25%).

## **OPUS Group Limited and Controlled Entities Directors' Report**

The directors present their report, together with the consolidated financial statements, on the consolidated entity (referred to hereafter as the "OPUS Group") consisting of OPUS Group Limited (referred to hereafter as the "Company" or "parent entity") and the entities it controlled at the end of, or during, the year ended 31 December 2015.

### **Directors**

The following persons were directors of OPUS Group Limited during the whole of the financial year and up to the date of this report, unless otherwise stated:

- Richard F. Celarc
- Chuk Kin Lau
- Mei Lan Lam
- Paul A. Young
- William J. Mackarell (resigned on 31 January 2015)

#### **(a) Information on Current Directors**

##### **Richard F. Celarc (Chairman and Executive Director)**

Mr Celarc co-founded Ligare Pty Ltd in 1979 and was one of the foundation shareholders of the OPUS Group. He initially served as Ligare's accountant, bringing a strong focus on costs and funding the growth of the business from its infancy. Mr Celarc acquired full ownership of Ligare Australia in 1996 and grew the business into the largest specialist book printer in New South Wales. He currently leads the OPUS Group's best practice program, working with the OPUS Group businesses to further develop operating efficiencies and ensure industry leading practice. Mr Celarc has been a key driver of the OPUS Group's cross-site production strategy, ensuring the best use of equipment across the OPUS Group to deliver optimal customer outcomes, and was instrumental in the establishment of the Ligare New Zealand operation.

Having been a print business owner for over 35 years, Mr Celarc has a wealth of industry knowledge and operational experience. He is well respected in industry with a reputation of high integrity and good work ethics.

Mr Celarc is a member of the Audit Risk Management and Compliance Committee and the Nomination and Remuneration Committee.

##### **Chuk Kin Lau (Executive Director)**

Mr Lau was appointed as director in October 2014. He is Executive Director of 1010 Printing Group Limited (HKEX Stock Code 1127), the ultimate parent company of OPUS Group, and has been responsible for the overall strategic formulation of the 1010 Group since it commenced its printing business in 2005. Mr Lau was the managing director of an executive search consultancy business in Hong Kong. He also founded a HKEX main board listed printing company. Mr Lau obtained a Bachelor of Arts degree from the University of Minnesota and a Master of Business Administration degree from the Chinese University of Hong Kong.

Mr Lau is a member of the Audit Risk Management and Compliance Committee and the Nomination and Remuneration Committee.

##### **Mei Lan Lam (Executive Director)**

Ms Lam was appointed as director in November 2014. She is a practising certified public accountant in Hong Kong, an associate member of the Institute of Chartered Accountants in England and Wales and a fellow member of the Hong Kong Institute of Certified Public Accountants and the Association of Chartered Certified Accountants in the United Kingdom. Ms Lam received her Doctor of Business Administration degree from the Hong Kong Polytechnic University and Master of Business Administration degree from the Chinese University of Hong Kong. Ms Lam has over 25 years of experience in finance and has held senior financial positions in various main board listed companies and a non-profit charitable organisation in Hong Kong. Ms Lam is currently a director of 1010 Printing Group Limited (HKEX Stock Code 1127).

Ms Lam is a member of the Audit Risk Management and Compliance Committee and the Nomination and Remuneration Committee.

## OPUS Group Limited and Controlled Entities Directors' Report

### Paul A. Young (Non-Executive Director)

Mr Young is the co-founder and an Executive Director of Baron Partners Limited, a corporate advisory business established in 1987, and has been in merchant banking in Australia for 30 years. He was formerly a chartered accountant in London and Sydney. He has extensive experience in the provision of corporate advice to a wide range of listed and unlisted companies including restructurings, capital raisings, initial public offerings and mergers and acquisitions.

Mr Young is an Honours Graduate with a Masters degree in Economics (University of Cambridge). He is a Fellow of the Institute of Chartered Accountants in England and Wales, holds an Advanced Diploma in Corporate Finance and is a Fellow of the Australian Institute of Company Directors.

Mr Young is a Non-Executive Director of ASX listed companies Ambition Group Limited, a recruitment business with operations in Australia, Asia and the United Kingdom, and of Byron Energy Limited, an oil and gas exploration and development business operating in the Gulf of Mexico, USA. He is also a Non-Executive Director of Performance English Pty Ltd, a provider of private education, of Enware Australia Pty Ltd, a specialist manufacturer and marketer of plumbing and safety products and of Jura Espresso Australia Pty Ltd, an importer and marketer of automatic coffee machines. Mr Young is a former chairman of Peter Lehmann Wines Limited and a former Non-Executive Director of THO Services Limited and of Australian Rural Capital Limited.

Mr Young is the Chairman of the Audit Risk Management and Compliance Committee, and of the Nomination and Remuneration Committee since 2014. He was appointed as non-executive director of the board in November 2014.

### (b) Key Management Personnel

#### Clifford D.J. Brigstocke (Chief Executive Officer)

Mr Brigstocke is Chief Executive Officer of OPUS Group. He has led OPUS Group since its inception and has been instrumental in acquiring, integrating and developing each of the businesses in the OPUS Group. Mr Brigstocke has extensive publishing industry experience, including 10 years in operational, sales and marketing roles, and as a member of the Senior Executive team, with Thomson Reuters in Australia. He is a former Director of Bunzl Australia (part of Bunzl Plc, a FTSE100 company) and held general manager and regional director positions within the Company's outsourcing division. He commenced his career in the Royal Australian Navy where he held senior positions in seaborne combat roles. He holds a Master of Arts degree from Macquarie Graduate School of Management and a Diploma of Logistics from the University of Technology Sydney. He is a member of the Australian Institute of Company Directors.

### (c) Directors' Meetings

The number of meetings of Directors held during the year and the number of meetings attended by each Director were as follows:

Director	Eligible to attend	Attended
Richard F. Celarc (Chairman)	5	5
Chuk Kin Lau	5	4
Mei Lan Lam	5	4
Paul A. Young	5	5
William J. Mackarell <sup>%</sup>	0	0

<sup>%</sup> resigned on 31 January 2015

## OPUS Group Limited and Controlled Entities Directors' Report

### (d) Committee Membership

OPUS Group has an Audit Risk Management and Compliance Committee and a Nomination and Remuneration Committee. Members acting on the committees during the year and their attendance at meetings was as follows:

#### Committee Meetings

	Audit Risk Management and Compliance		Nomination and Remuneration	
	Eligible to attend	Attended	Eligible to attend	Attended
Richard F. Celarc (Chairman)	4	4	1	1
Chuk Kin Lau	4	3	1	1
Mei Lan Lam	4	4	1	1
Paul A. Young	4	4	1	1
William J. Mackarell <sup>%</sup>	0	0	0	0

<sup>%</sup> resigned on 31 January 2015

### (e) Principal Activities

The principal activities of the OPUS Group are providing printing services within the following two divisions:

#### (i) Publishing Services

Production and distribution of publications including electronic delivery of online material, regional production of scientific, medical, technical and scholarly journals, loose leaf manuals and primary, secondary and higher education texts. Services also include the provision of secure government communication requirements including document production, web hosting, electronic fulfilment, call centre, warehousing and logistics for the Australian Federal Government, State Governments and Local Councils.

#### (ii) Outdoor Media

Creation, production and distribution of outdoor advertising material and corporate signage, such as billboards, bus advertising, retail displays, vehicle wraps and trade exhibitions.

### (f) Dividends

	Record date	Payment date	Amount per shares Cents	Franked amount per shares Cents
Interim dividend for the year ended 31 December 2015	28 Oct 2015	11 Nov 2015	1	1

On 29 February 2016 the directors declared a final dividend for the year ended 31 December 2015 of 2 cents per ordinary share to be paid on 10 June 2016 a total estimated distribution of \$1,928,000 based on the number of ordinary shares on issue as at 29 February 2016. As the dividend was fully franked, there are no income tax consequences for the owners of OPUS Group relating to this dividend.

### (g) Consolidated Results

The consolidated profit after income tax from operations of OPUS Group for the year ended 31 December 2015 was \$12,047,000 (Six months ended 31 December 2014: Loss \$8,771,000).

### (h) Review of Operations

The review of operations of the OPUS Group included in the Operating and Financial Review on pages 1 to 6 of the Financial Report and forms part of this report.

### (i) Significant Changes in the State of Affairs

On 30 October 2015, Cactus Imaging Holdings Limited (formerly known as Omnigraphics Limited), a wholly owned subsidiary of OPUS Group in New Zealand, sold its trademark, plant and equipment, inventories and business operation. Cactus Imaging Holdings Limited was a provider of grand and large format printing for outdoor advertising in New Zealand. After the sale, OPUS Group ceased its Outdoor Media business in New Zealand.

There were no other significant changes in the state of affairs of OPUS Group during the financial year.

## **OPUS Group Limited and Controlled Entities Directors' Report**

### **(j) Matters Subsequent to the end of Financial Year**

From the end of the reporting period to the date of this report, there was no matter or circumstance that arose which has significantly affected, or may significantly affect OPUS Group's operations, the results of these operations, or OPUS Group's state of affairs in future financial years.

### **(k) Likely Developments and Expected Results of Operations**

In the opinion of the Directors, all necessary information has been reported in this Directors' Report and the Financial Report. Any additional information, which relates to likely developments in the operations and the expected results of those operations in financial periods subsequent to 31 December 2015, is not included as it would prejudice the interests of the OPUS Group.

### **(l) Share Options**

No shares were issued during the year and up to the date of this report on the exercise of options granted.

### **(m) Information on Directors**

Particulars of the qualifications, experience and special responsibilities of each Director as at the date of this report are set out on pages 7 to 8 of the Financial Report and form part of this Directors' Report. Particulars as to the number of Directors' meetings (including meetings of the Audit Risk Management and Compliance and the Nomination and Remuneration Committees of Directors) and the number of meetings attended by each of the Directors of the Company during the year are set out on pages 8 to 9 of the Financial Report and form part of this Directors' Report. The interests of Directors in the share capital of the parent entity or in a related entity are contained in the register of Directors' shareholdings of the Company as at the date of this report and are set out on page 14 of the Financial Report and form part of this Directors' Report.

### **(n) Company Secretary**

The role of Company Secretary was shared between Laura Lou and Virginia Lee. The Company Secretaries both report directly to the Board of Directors.

#### **Laura Lou (Joint Company Secretary)**

Ms Lou joined Ligare as a sales representative in 2007 and moved into the role of Group coordinator for OPUS Group in 2008. Her role has expanded in 2014 to include company secretary and group HR duties. She holds a Bachelor of Commerce, Bachelor of Arts and a Master of Sustainable Development from the University of NSW.

#### **Virginia Lee (Joint Company Secretary)**

Ms Lee is a member of the Institute of Chartered Accountants in England and Wales, Hong Kong Institute of Certified Public Accountants, and a fellow member of the Institute of Public Accountants. She has extensive accounting and company management experience. She held senior positions in various international organisations such as BDO Hong Kong, ABN AMRO Trust and the Salvation Army. Ms Lee holds a Master of Business Administration from the University of Manchester. She joined OPUS Group in 2014.

### **(o) Rounding of Amounts**

OPUS Group Limited is a Company of the kind referred to in Class Order 98/100 issued by the Australian Securities and Investments Commission. This Class Order relates to the 'rounding off' of amounts in the Financial Report. Amounts in the Financial Report have been rounded off in accordance with that Class Order to the nearest thousand dollars, or in certain cases, the nearest dollar.

## OPUS Group Limited and Controlled Entities Directors' Report

### (p) Remuneration Report

The remuneration report is set out under the following main headings:

- Key management personnel identification
- Principles used to determine the nature and amount of remuneration
- Remuneration and other transactions with key management personnel

The information provided in this remuneration report has been audited as required by section 308(3C) of the *Corporations Act 2001*.

#### Key management personnel identification

The key management personnel (as defined in AASB 124 *Related Party Disclosures*) of OPUS Group are the Directors and the following executives, as they had authority and responsibility for planning, directing and controlling the activities of the OPUS Group, directly or indirectly, during the financial year:

Name	Position	Employer
Richard F. Celarc	Chairman	OPUS Group (Australia) Pty Limited
Clifford D.J. Brigstocke	Chief Executive Officer	OPUS Group (Australia) Pty Limited

#### Principles used to determine the nature and amount of remuneration

The objective of the OPUS Group's executive reward framework is to ensure that reward for performance is competitive and appropriate for the results delivered. The framework aligns executive reward with the achievement of strategic objectives and the creation of value for shareholders, and conforms with market practice for the delivery of reward. The Board ensures that executive reward satisfies the following key criteria for good reward governance policies:

- Competitiveness and reasonableness;
- Acceptability to shareholders;
- Performance linkage and alignment of executive compensation;
- Transparency; and
- Capital management.

OPUS Group has a remuneration policy and structure that is equitable, competitive and consistent so as to ensure the recruitment and retention of personnel of the capability, competence and experience necessary for the achievement of OPUS Group's strategies and goals.

Remuneration is accordingly set to the following principles:

- No individual may be involved directly in determining his or her remuneration. External advice is sought in relation to remuneration where appropriate;
- Remuneration disclosure to shareholders will at a minimum comply with the requirements of legislation and Accounting Standards; and
- Remuneration for Directors is determined by the Board and/or the Nomination and Remuneration Committee within the maximum amount determined by shareholders from time to time at the Company's Annual General Meeting. Non-Executive Directors may not participate in any incentive schemes that are established.

The remuneration framework provides a mix of fixed and variable pay, and a blend of short and long-term incentives.

#### Nomination and Remuneration Committee

OPUS Group has a Nomination and Remuneration Committee which has been established by the Board of Directors to annually review, evaluate and make recommendations to the Board in relation to remuneration, including:

- Director remuneration;
- Staff incentive plans, including bonus, share and option plans, and the basis of their application;
- Salary, benefits and total remuneration packages of the Chief Executive Officer and other Senior Executives; and
- Substantial changes to the principles of the OPUS Group's superannuation arrangements.

# OPUS Group Limited and Controlled Entities Directors' Report

## Remuneration and other transactions with key management personnel

### *Key management personnel remuneration*

Directors' fees are determined within an aggregate Directors' fee pool limit. For the financial year ended 31 December 2015 and in respect of each financial year thereafter and until otherwise determined by a resolution of OPUS Group shareholders, the maximum aggregate remuneration payable to all Directors of the OPUS Group for their services as Directors including their services on a Board or committee or sub-committee and including superannuation is limited to \$600,000 per annum (in total). Services provided which are not in the capacity as a Director (e.g. general consulting) are excluded from the limit.

The Non-Executive Directors receive no additional fees for their membership of the Board's Audit Risk Management and Compliance Committee and the Nomination and Remuneration Committee. Directors may direct the OPUS Group to make superannuation guarantee contributions, or additional superannuation contributions allocated from their Directors' or committee membership fees, to any complying nominated superannuation fund.

The total fixed remuneration packages inclusive of superannuation and other benefits for key management personnel of the OPUS Group at the date of this report are as follows:

Name	Term of agreement	Total fixed remuneration for the year	Notice period by Executive	Notice period by OPUS Group	Termination payment
Richard F. Celarc <sup>#</sup>	Open	\$327,375	Nil	Nil	Nil
Clifford D.J. Brigstocke	Open	\$427,119*	12 months	12 months	12 months

<sup>#</sup>Mr Celarc is not under an employment contract with OPUS Group. He is paid consultancy fees through a related entity. Remuneration disclosed for year ended 31 December 2015 includes \$300,000 of consulting fees.

\*Inclusive of superannuation

Base pay is structured as a package amount which may be delivered as cash and prescribed non-cash financial benefits, including motor vehicles and additional superannuation contributions at the Executive's discretion. Base pay is reviewed annually to reflect increases in responsibility and to ensure that the Executive's pay is competitive in the market for a comparable role. There are no guaranteed base pay increases included in any Senior Executives' contracts.

Non-Executive Director is not entitled to participate in any incentive scheme, nor is he eligible to receive share options.

### *Short-term performance incentives*

The short-term incentives ("STI") program is designed to align the targets of the business units with the targets of those executives responsible for meeting those targets. Historically, OPUS Group's STI is based on EBITDA and individual KPI's. Due to the capital restructuring that occurred in late 2014, no STI was set for the 2015 financial year and as a result, there was no at risk component of remuneration for the current year (Six months ended 31 December 2014: At risk - \$150,000).

For the year ended 31 December 2015, no short-term performance incentives were paid to key management personnel (Six months ended 31 December 2014: Nil).

### *Long-term performance incentives*

The OPUS Group is in the process of establishing a long-term incentive plan for key management.

### *Retirement benefits*

Retirement benefits are delivered by a number of superannuation funds selected by the OPUS Group or the executives. Executives may direct the OPUS Group to make superannuation guarantee contributions, or additional superannuation contributions allocated from their base package amount, to any complying nominated superannuation fund.

## OPUS Group Limited and Controlled Entities Directors' Report

### Performance assessment

The process for reviewing the performance of Senior Executives is undertaken by the Chief Executive Officer.

The Chairman is responsible for meeting with the individual Directors to discuss their individual performance and contribution to the Board however the Nomination and Remuneration Committee oversee this function. The performance of the Chief Executive Officer is monitored and assessed by the members of the Nomination and Remuneration Committee.

This performance evaluation took place during the year 2015. The Chairman of the Nomination and Remuneration Committee is Mr Young, a Non-Executive Director.

### Details of remuneration

Details of the remuneration of the Directors of the OPUS Group, the other Key Management Personnel and the other highest remunerated executives of the OPUS Group are set out in the following tables.

\* As of 31 January 2015

### Consulting fees

Consulting fees paid to Mr Celarc (Director) through Angrich Pty Limited for the year ended 31 December 2015 amounted to \$300,000 (Six months ended 31 December 2014: \$137,500). These amounts are disclosed as part of Mr Celarc's remuneration noted on the previous page.

## **OPUS Group Limited and Controlled Entities Directors' Report**

### *Lease costs*

Ligare Pty Limited occupies a property in Riverwood, Sydney under a lease agreement with D.M.R.A Property Pty Limited, a company controlled by Mr Celarc, who is a shareholder and Director of OPUS Group Limited. The lease agreement expires in December 2016. Lease fees paid for the year total \$654,540 (Six months ended 31 December 2014: \$321,756). There was no outstanding balance with D.M.R.A Property Pty Limited at 31 December 2015 (2014: Nil).

This concludes the remuneration report, which has been audited.

### **(q) Indemnification and Insurance of Officers**

The OPUS Group has agreed to indemnify the current Directors and certain current Executives of the OPUS Group against all liabilities to another person (other than the OPUS Group or a related body corporate) that may arise from their position as Directors or Officers of the OPUS Group, to the extent permitted by law. The indemnity agreement stipulates that the OPUS Group will meet the full amount of such liabilities, including costs and expenses.

The OPUS Group pays a premium to insure Directors and certain officers of the OPUS Group and Controlled Entities. The officers of the OPUS Group covered by the insurance policy include the current Directors and Secretaries of the parent company and its subsidiaries, senior management of the OPUS Group and senior management of divisions and controlled entities of the OPUS Group. The insurance policy operates on a claims made basis.

The liabilities insured include costs and expenses that may be incurred in defending civil or criminal proceedings that may be brought against the officers in their capacity as officers of the Company or controlled entities. The insurance policy outlined above does not contain details of premiums paid in respect of individual Directors and officers of the OPUS Group.

The OPUS Group has not otherwise indemnified or agreed to indemnify an officer or of any related body corporate against a liability incurred by such officer.

### **(r) Indemnification and Insurance of auditors**

During the financial year, OPUS Group has not paid a premium in respect of a contract to insure the auditors of OPUS Group or any related entity.

### **(s) Environmental Regulation**

The OPUS Group is subject to environmental regulation in respect of its printing operations and manufacturing activities as set out below.

The OPUS Group has printing operations which are required to comply with a number of Australian pollution control and environmental regulations. The businesses concerned take all reasonable precautions to minimise the risk of an environmental incident, including the removal of solid and liquid wastes by licensed contractors, arranging environmental compliance audits by qualified external organisations and ensuring that personnel receive appropriate training. There have been no material instances of non-compliance with environmental regulations during the year.

### **(t) Proceedings on Behalf of the Company**

No person has applied to the Court under section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of OPUS Group, or to intervene in any proceedings to which OPUS Group is a party for the purpose of taking responsibility on behalf of OPUS Group for all or part of those proceedings.

### **(u) Non-audit Services**

Details of the amounts paid or payable to the auditors for non-audit services provided during the financial year / period by the auditor are outlined in Note 9 of the Financial Report.

The Directors are satisfied that the provision of non-audit services during the financial year / period, by the auditor (or by another person or firm on the auditor's behalf), is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001.

## OPUS Group Limited and Controlled Entities Directors' Report

The Directors are of the opinion that the services as disclosed in Note 9 of the Financial Report do not compromise the external auditor's independence requirements of the Corporations Act 2001 for the following reasons:

- (i) all non-audit services have been reviewed and approved to ensure that they do not impact the integrity and objectivity of the auditor; and
- (ii) none of the services undermine the general principles relating to auditor independence as set out in APES 110 Code of Ethics for Professional Accountants issued by the Accounting Professional and Ethical Standards Board, including reviewing or auditing the auditor's own work, acting in a management or decision-making capacity for the OPUS Group, acting as advocate for the OPUS Group or jointly sharing economic risks and rewards.

### (v) Auditor's Independence Declaration

A copy of the Auditor's Independence Declaration as required under section 307C of the Corporations Act 2001 is set out on page 17.

This report is made in accordance with a resolution of the Directors, pursuant to section 298 (2)(a) of the Corporations Act 2001.

Richard Celarc  
Chairman

29 February 2016, Sydney

**DECLARATION OF INDEPENDENCE BY CRAIG MAXWELL TO THE DIRECTORS OF OPUS GROUP LIMITED AND ITS CONTROLLED ENTITIES**

As lead auditor of OPUS Group Limited and controlled entities for the year ended 31 December 2015, I declare that, to the best of my knowledge and belief, there have been:

1. No contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
2. No contraventions of any applicable code of professional conduct in relation to the audit.

This declaration is in respect of OPUS Group Limited and the entities it controlled during the period.

## **OPUS Group Limited and Controlled Entities Corporate Governance Statement**

The OPUS Group is committed to implementing the ASX Corporate Governance Council's ("Council") Corporate Governance Principles and Recommendations. Where the OPUS Group's Corporate Governance practices do not correlate with all the practices recommended by the Council, or the OPUS Group does not consider it practicable or necessary to implement some principles due to the size and stage of development of its operations, the Board's reasoning for any departure is explained.

The OPUS Group complies with the ASX Corporate Governance Council recommendations, unless otherwise stated.

This statement has been approved by the Board and is current as at 29 February 2016.

The OPUS Group's ASX Appendix 4G, which is a checklist cross-referencing the ASX Principles and Recommendations to the relevant disclosures in either this statement, the OPUS Group's website or Annual Report, has been filed with the ASX on 29 February 2016.

The ASX Principles and Recommendations and the OPUS Group's response as to how and whether it follows those recommendations are set out below.

### **Principle 1: The Board lays solid foundations for management and oversight**

#### *Role of the Board*

The Board's role is to govern the OPUS Group and has thereby established the functions reserved to the Board. In governing the OPUS Group, the Directors must act in the best interests of the OPUS Group as a whole. Each member of the Board is committed to spending sufficient time to enable them to carry out their duties as a Director of the OPUS Group.

#### *Responsibilities of the Board and Board Processes*

In general, the Board is ultimately responsible for, and has the authority to determine, all matters relating to the policies, practices, management and operations of the OPUS Group. The Board of Directors of the OPUS Group are responsible for establishing the Corporate Governance framework. The Board guides and monitors the business affairs of the OPUS Group on behalf of the shareholders by whom they are elected and to whom they are accountable. The Board is required to do all things that may be necessary to be done in order to carry out the objectives of the OPUS Group. The Board delegates authority to Senior Executives and management to carry out delegated duties in support of the objectives of the OPUS Group.

The Board has established the following committees to assist it in discharging its functions:

- Audit Risk Management and Compliance Committee; and
- Nomination and Remuneration Committee.

The Board's functions and the functions delegated to Senior Executives are set out in the Board Charter which is available on the OPUS Group's website under "Corporate Governance".

The Board holds regular meetings and is expected to meet periodically throughout the year. Directors' attendance at meetings this period is set out on pages 8 to 9 of this Financial Report.

It is the role of senior management to manage the OPUS Group in accordance with the direction and delegations of the Board and the responsibility of the Board to oversee the activities of management in carrying out these delegated duties.

#### *Performance Review / Evaluation – The Nomination and Remuneration Committee's Role*

In accordance with its Charter, the Nomination and Remuneration Committee is structured such that it is chaired by a Non-Executive Director and has at least 3 Directors.

The Nomination and Remuneration Committee is established by the Board of Directors to annually review, evaluate and make recommendations to the Board in relation to:

- Non-Executive Director remuneration.
- Staff incentive plans, including bonus, share and option plans, and the basis of their application amongst differing levels of staff. This is supported by an annual performance review based on key performance indicators and milestones achieved.

## **OPUS Group Limited and Controlled Entities Corporate Governance Statement**

- Salary, benefits, and total remuneration packages of the Chief Executive Officer and senior staff reporting to the Chief Executive Officer. This is supported by an annual performance review based on key performance indicators and milestones achieved.
- Employee succession planning to ensure the continuity and quality of management.

The Nomination and Remuneration Committee is required from time to time to review, evaluate and if appropriate approve the following:

- Chief Executive Officer's recommendation for overall annual salary movements for business unit salary reviews.
- Salary, benefits, and total remuneration package of individual executives as recommended by the Chief Executive Officer.
- Substantial changes to the principles of the OPUS Group's superannuation arrangements recommended by the Chief Executive Officer.

The Chairman of the Nomination and Remuneration Committee is Mr Young, a Non-Executive Director. The other members of the Committee are Mr Lau, Mr Celarc and Ms Lam.

### **Principle 2: The Board is structured to add value**

#### *Board composition and nomination*

The Board currently comprises four Directors, one of whom is Mr Celarc, who is Chairman and Executive Director. The other two Executive Directors are Mr Lau and Ms Lam. The remaining Director is Non-Executive Director, Mr Young. Further details about the Directors including skills, experience and term of office are set out on pages 7 to 8 of this Financial Report.

The OPUS Group recognises the importance of Non-Executive Directors and the external perspective and advice that Non-Executive Director can offer. Determination of the independence of each Director is made with reference to the factors set out in the Board Charter that list the relationships affecting independent status.

The performance of Non-Executive Directors is assessed formally by the Chairman of the Board on an annual basis.

When a new Director is to be appointed a board skills matrix is prepared to review the range of skills, experience and expertise on the Board and to identify its needs. From this the committee will review potential candidates that align with the current Board composition requirements. The full Board then appoints the most suitable candidate who must stand for election at the next annual general meeting. New Directors participate in an induction program which is the responsibility of the Chairman of the Board. The induction program covers the expectations of the new member, their responsibilities, rights and terms and conditions of their employment.

#### *Independent professional advice and access to information*

Each Director has the right of access to all OPUS Group information and to OPUS Group's Senior Executives. Further, each Director and the Board collectively, subject to informing the Chairman, has the right to seek independent professional advice from a suitably qualified advisor, at OPUS Group's expense, with the approval of the Chairman, to assist them to carry out their responsibilities. Where appropriate, a copy of this advice is to be made available to all other members of the Board.

### **Principle 3: The Board promotes ethical and responsible decision making.**

#### *Code of conduct*

As part of its commitment to recognising its legal obligations, the legitimate expectations of stakeholders and promoting practices necessary to maintain confidence in the OPUS Group's integrity, the OPUS Group has established a Code of Conduct. The code aims to provide guidance to Directors, Senior Executives, management and employees on the standards of personal and corporate behaviour and the responsibility and accountability required of the OPUS Group's personnel for reporting and investigating unethical practices. The code contains practices necessary to maintain external stakeholders' confidence in the OPUS Group's integrity, the practices necessary to take into account their legal obligations and the responsibilities of individuals for reporting and investigating reports of unethical practices.

A copy of the Code of Conduct is available on the OPUS Group's website under "Corporate Governance".

## OPUS Group Limited and Controlled Entities Corporate Governance Statement

### *Securities trading policy*

The OPUS Group has adopted a securities trading policy for the Directors, Senior Executives, employees, consultants and contractors of the OPUS Group which is appropriate for an entity whose shares are admitted to trading on the ASX.

This policy was issued in April 2012 and modified in February 2016. To ensure there is no avoidance of doubt of compliance, Directors and other employees are directed to consult with the Company Secretary. A copy of the Securities Trading Policy is available on the OPUS Group website under "Corporate Governance".

### *Diversity*

The OPUS Group has developed a diversity policy, a copy of which can be found on the OPUS Group website under "Corporate Governance". The Diversity Policy reflects the OPUS Group's commitment to workplace diversity and compliance with the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations. A diverse workforce is one that recognises and embraces the value that different people can bring to a company through their gender, age, ethnicity, cultural background, marital status, sexual orientation and/or religious beliefs. The OPUS Group promotes a diverse workforce by aiming to ensure that all employees and applicants for employment are fairly considered according to their skills, qualifications, abilities and aptitudes without regard to factors that are irrelevant to the person's skill or ability to fulfil the inherent job requirements.

The OPUS Group has or will introduce the following initiatives to specifically assist with improving gender diversity:

- (a) mentoring programs and professional development programs targeted at female employees to prepare them for management positions;
- (b) promoting a safe work environment by taking action against inappropriate workplace and business behaviour (including discrimination, harassment, bullying, victimisation and vilification);
- (c) networking opportunities; and
- (d) supporting the promotion of women to management roles.

The OPUS Group believes that promoting a diverse workforce:

- (a) enables the OPUS Group to achieve improved outcomes by benefiting from the differing perspectives and expertise that people from diverse backgrounds bring to their roles;
- (b) better represents the diversity of the OPUS Group's stakeholders; and
- (c) is consistent with the OPUS Group's broader Corporate Governance Principles, specifically the Ethics and Responsible Business Conduct Policy and the OPUS Group's Equal Employment Opportunity Policy.

The Board has established the following measurable objectives for achieving gender diversity:

- (a) the number of women employed throughout the OPUS Group will track to at least 30% of total employees;
- (b) the OPUS Group will aim to have at least 15% of senior management positions occupied by women; and
- (c) whilst it is essential the Board comprises Directors with the right blend of expertise, skills and experience it is envisaged that the Board will have at least one female Director.

The Board is committed to have an appropriate blend of diversity within the OPUS Group and especially within the Senior Executive team. Gender diversity is a key area of focus of the Board and will continue to be so. The ratio of male to female participation at all levels of the business as at 31 December 2015 is as follows:

<b>Year ended 31 December 2015</b>	<b>Male</b>	<b>Female</b>	<b>Total</b>
Board	3	1	4
Senior Management	9	2	11
Operational Staff	256	82	338
Back Office Staff	44	40	84
<b>Total Board and employees</b>	<b>312</b>	<b>125</b>	<b>437</b>
	71%	29%	100%

<b>Six months ended 31 December 2014</b>	<b>Male</b>	<b>Female</b>	<b>Total</b>
Board	3	1	4
Senior Management	11	3	14
Operational Staff	265	86	351
Back Office Staff	39	50	89
<b>Total Board and employees</b>	<b>318</b>	<b>140</b>	<b>458</b>
	69%	31%	100%

## **OPUS Group Limited and Controlled Entities Corporate Governance Statement**

### **Principle 4: The Board safeguards integrity in financial reporting**

The Board has established an Audit Risk Management and Compliance Committee to assist the Board safeguard the integrity of financial reporting. The responsibilities of the Committee are set out in a formal charter approved by the Board. This charter is available on the OPUS Group's website under "Corporate Governance". The Committee currently comprises four Directors. Mr Young is the Chair of the Committee, Mr Lau, Mr Celarc and Ms Lam are also members of the Committee. The composition of the Committee satisfies the Board's requirements in performing the Committee's function given the size and complexity of the business at present.

The Audit Risk Management and Compliance Committee Charter sets out the procedure for the selection, appointment and rotation of external audit engagement partners.

Further details of the members of the Audit Risk Management and Compliance Committee and their attendance at committee meetings are set out on page 9 of this Financial Report.

At the date of this report no internal audit function has been established. The OPUS Group works closely with its external auditors in respect to process improvement and the integrity of the information reported both internally and externally.

### **Principles 5 and 6: The Board makes timely and balanced disclosure and the Board respects the rights of shareholders**

The Board has designated the Chief Executive Officer and the Company Secretary as the individuals responsible for overseeing and co-ordinating disclosure of information to the ASX as well as communicating with the ASX.

The Board has established a written policy for ensuring compliance with ASX listing rule disclosure requirements and accountability at Senior Executive level for that compliance. This is covered by the Communications Policy, which is available on the OPUS Group's website under "Communications Policy" within "Corporate Governance".

The Board provides shareholders with information by applying this policy. The policy includes identifying matters that may have a material effect on the price of the OPUS Group's securities, notifying them to the ASX, posting them on the OPUS Group's website and issuing media releases.

The Board respects the rights of its shareholders and to facilitate the effective exercise of those rights, by promoting effective communication with shareholders and encouraging shareholder participation at Annual General Meetings. The external auditor also presented at the AGM of the Company to answer questions relevant of the external audit. The OPUS Group has established a communications policy which is available on the OPUS Group's website under "Corporate Governance", called "Communications Policy".

The Board encourages full participation of shareholders at the Annual General Meeting, to ensure a high level of accountability and identification with the OPUS Group's strategy and goals. Important issues are presented to the shareholders as single resolutions.

The OPUS Group provides its investors the option to receive communications from, and send communication to, the OPUS Group and the share registry electronically.

### **Principle 7: The Board recognises and manages risk**

The OPUS Group is committed to the identification, monitoring and management of material business risks of its activities via its risk management framework. A copy of the risk management policy is available on the OPUS Group's website under "Corporate Governance", called "Summary of Risk Management Framework".

The Board assumes ultimate responsibility for the oversight and management of material business risks and satisfies itself annually, or more frequently as required, that management has developed and implemented a sound system of risk management and internal control to manage the OPUS Group's material business risks.

The Board delegates the detailed work of this task to the Executive Management team and the Board periodically reviews this work. A key element in the risk management framework will be the reporting by management on the key risks. The Audit Risk Management and Compliance Committee will oversee the adequacy and content of risk reporting from management.

The Board has received assurances from the Chief Executive Officer in relation to financial reporting risks.

## **OPUS Group Limited and Controlled Entities Corporate Governance Statement**

The Board receives regular updates from management on whether the Company's material business risks are being managed effectively. This process is informally communicated by management through the Chief Executive Officer and in Board reporting at regular Board Meetings.

### *Attestations by Chief Executive Officer*

In accordance with recommendation 7.3 of the ASX Corporate Governance Principles and Recommendations, the Chief Executive Officer have stated in writing to the Board that:

- The statement given in accordance with section 295A of the Corporations Act, is founded on a sound system of risk management and internal control which implements the policies adopted by the Board; and
- The OPUS Group's risk management and internal control system is operating efficiently and effectively in all material respects in relation to financial reporting risks.

### **Principle 8: The Board remunerates fairly and responsibly**

#### *Nomination and Remuneration Committee*

The OPUS Group has established a Nomination and Remuneration Committee which has responsibility for the formulation of remuneration policies. The role of the Nomination and Remuneration Committee is set out in a formal charter approved by the Board (available on the OPUS Group's website under "Corporate Governance"). Its responsibilities, among other responsibilities are to:

- (a) Determine appropriate compensation arrangements for the Directors, Senior Executives and employees;
- (b) Determine Senior Executive and Non-Executive remuneration policies;
- (c) Develop and review equity based plans; and
- (d) Make these recommendations for the consideration by the Board.

#### *Remuneration Report and remuneration policies*

The Board (with the assistance of the Nomination and Remuneration Committee) has established a policy to ensure that it remunerates fairly and responsibly. The remuneration philosophy of the Board is designed to ensure that the level and composition of remuneration is competitive, reasonable and appropriate for the results delivered and to attract and maintain talented and motivated Directors and employees. The Nomination and Remuneration Committee is responsible for the oversight of the OPUS Group and the establishment of a long-term incentive plan.

Directors' fees are determined within an aggregate Directors' fee pool limit, which will be periodically approved by shareholders at the Annual General Meeting. The current maximum fee pool is \$600,000 for Directors. This limit excludes consulting fees for services which are not in the capacity of being a Director of the OPUS Group. Non-Executive Directors of the OPUS Group are entitled to participate in any equity plan of the OPUS Group where it is considered an appropriate element of remuneration in situations when the non-executive's skills and experiences are recognised as important to OPUS Group's future development. Non-Executive Directors do not receive retirement benefits, other than statutory superannuation entitlements.

Further details on the structure of Executive Directors, Non-Executive Director and Senior Executives remuneration are set out in the Remuneration Report of this Financial Report.

Personnel of the OPUS Group are not permitted to enter into transactions with securities (or any derivative thereof) which limit the economic risk of any unvested entitlements awarded under any equity-based remuneration scheme, or otherwise awarded, or which will be offered by the OPUS Group in the future.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 1. Summary of significant accounting policies

The principal accounting policies adopted in the preparation of this Financial Report (referred to as the Financial Report or Annual Financial Report) are set out below. These policies have been consistently applied to all of the periods presented, unless otherwise stated. The Financial Report is for OPUS Group consisting of OPUS Group Limited and its Controlled Entities (the "OPUS Group").

##### (a) Basis of preparation and consolidation, accounting policies and critical accounting estimates and judgements

###### *Basis of preparation*

OPUS Group Limited ("the Company" or "the parent entity") is a Public Company listed on the Australian Securities Exchange ("ASX"). This general purpose Financial Report has been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ("AASB") and the Corporations Act 2001 as appropriate for for-profit oriented entities. These consolidated financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board ("IASB").

###### *New, revised or amended Accounting Standards and Interpretations adopted*

OPUS Group has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ("AASB") that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of OPUS Group.

The following Accounting Standards and Interpretations are most relevant to OPUS Group:

###### AASB 2014-1 Amendments to Australian Accounting Standards (Parts A to C)

The OPUS Group has applied Parts A to C of AASB 2014-1 from 1 January 2015. These amendments affect the following standards: AASB 2 "Share-based Payment": clarifies the definition of "vesting condition" by separately defining a "performance condition" and a "service condition" and amends the definition of "market condition"; AASB 3 "Business Combinations": clarifies that contingent consideration in a business combination is subsequently measured at fair value with changes in fair value recognised in profit or loss irrespective of whether the contingent consideration is within the scope of AASB 9; AASB 8 "Operating Segments": amended to require disclosures of judgements made in applying the aggregation criteria and clarifies that a reconciliation of the total reportable segment assets to the entity's assets is required only if segment assets are reported regularly to the Chief Operating Decision Maker; AASB 13 "Fair Value Measurement": clarifies that the portfolio exemption applies to the valuation of contracts within the scope of AASB 9 and AASB 139; AASB 116 "Property, Plant and Equipment" and AASB 138 "Intangible Assets": clarifies that on revaluation, restatement of accumulated depreciation will not necessarily be in the same proportion to the change in the gross carrying value of the asset; AASB 124 "Related Party Disclosures": extends the definition of "related party" to include a management entity that provides KMP services to the entity or its parent and requires disclosure of the fees paid to the management entity; AASB 140 "Investment Property": clarifies that the acquisition of an investment property may constitute a business combination.

###### *Historical cost convention*

All financial information is prepared on an accruals basis and is based on historical costs, modified where applicable by the measurement at fair value of selected non-current financial assets and financial liabilities.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 1. Summary of significant accounting policies (continued)

##### (b) Principles of consolidation

###### *Subsidiaries*

The consolidated financial statements incorporate the assets and liabilities of all subsidiaries of OPUS Group Limited as at 31 December 2015 and the results of all subsidiaries for the year then ended. OPUS Group Limited and its subsidiaries together are referred to in these consolidated financial statements as the "OPUS Group".

Subsidiaries are all those entities over which the OPUS Group has control. The OPUS Group controls an entity when the OPUS Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the OPUS Group. They are de-consolidated from the date that control ceases.

Intercompany transactions, balances and unrealised gains on transactions between entities in the OPUS Group are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the OPUS Group.

The acquisition of subsidiaries is accounted for using the acquisition method of accounting. A change in ownership interest, without the loss of control, is accounted for as an equity transaction, where the difference between the consideration transferred and the book value of the share of the non-controlling interest acquired is recognised directly in equity attributable to the parent.

Non-controlling interest in the results and equity of subsidiaries are shown separately in the Consolidated Statement of Profit or Loss and Other Comprehensive Income, Consolidated Statement of Financial Position and Consolidated Statement of Changes in Equity of the OPUS Group. Losses incurred by the OPUS Group are attributed to the non-controlling interest in full, even if that results in a deficit balance.

Where the OPUS Group loses control over a subsidiary, it derecognises the assets including goodwill, liabilities and non-controlling interest in the subsidiary together with any cumulative translation differences recognised in equity. The OPUS Group recognises the fair value of the consideration received and the fair value of any investment retained together with any gain or loss in profit or loss.

##### (c) Operating segments

Operating segments are presented using the "management approach", where the information presented is on the same basis as the internal reports provided to the Chief Operating Decision Maker. The Chief Operating Decision Maker are responsible for the allocation of resources to operating segments and assessing their performance.

##### (d) Foreign currency translation

###### *(i) Functional and presentation currency*

Items included in the financial statements of each of the OPUS Group's entities are measured using the currency of the primary economic environment in which it operates ("the functional currency"). The Financial Report is presented in Australian Dollars ("AUD\$") being OPUS Group's functional and presentation currency.

The functional currency of New Zealand based operations is New Zealand Dollars and the functional currency of C.O.S. Printers is Singapore Dollars. These entities that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities for each Statement of Financial Position presented are translated at the closing rate at the reporting date;
- income and expenses for each profit or loss are translated at average exchange rates; and
- all resulting exchange differences are recognised as a separate component of equity in the foreign currency translation reserve.

Notes to the Consolidated Financial Statements  
for the year ended 31 December 2015

1. Summary of significant accounting policies (continued)

(d) Foreign currency translation (continued)

(ii) Transactions and balances

Transactions in foreign currencies are initially translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit or loss, except when deferred in equity as qualifying cash flow hedges and qualifying net investment hedges.

(iii) Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition are translated to AUD\$ at exchange rates at the reporting date. The income and expenses of foreign operations are translated to AUD\$ at the average exchange rates between reporting dates as an approximation of the spot rate on each of the transaction dates. Foreign currency differences are recognised in equity in the foreign currency translation reserve. When a foreign operation is disposed of, in part or in full, the relevant amount of the reserve is transferred to profit or loss.

(e) Revenue recognition

Sales revenue comprises revenue earned (net of returns, discounts, allowances, duties and taxes) from the provision of products or services to entities outside the OPUS Group.

**Revenue**

*Sale of products and goods*

Sales revenue is recognised when the goods are dispatched, or when title passes to the customer, at the fair value of the consideration received or receivable. OPUS Group recognises revenue when the amount of revenue can be reliably measured and it is probable that future economic benefits will flow to the entity.

*Provision of services*

Sales revenue is recognised based on the stage of completion of the service, contract or contracts in progress at reporting date or at the time of completion of the contract and billing to the customer. Where the stage of completion cannot be estimated reliably, revenue is only recognised to the extent of the expenses recognised that are recoverable.

*Agency and commission arrangements*

When presenting revenues in the Consolidated Statement of Profit or Loss and Other Comprehensive Income consideration is given to whether the OPUS Group is operating as an agent (earning a fee or commission in return for arranging the provision of goods or services on behalf of a principal) or a principal (acting on its own account when contracting with customers for the supply of goods or services in return for consideration). Whether an entity is acting as a principal or agent is a matter of facts and circumstances.

In an agency relationship the gross cash inflows include amounts collected on behalf of the principal which are not revenue. In this instance the net amount retained can only be presented as revenue.

When the transaction is such that OPUS Group is acting as the principal to the arrangement, revenue is recognised based on the gross amount received or receivable under the sales contract.

*Shipping and handling charges*

The OPUS Group may sell items either FOB (free on board) or CIF (cost, insurance, freight). CIF charges are included as part of revenue. The cost of insurance and freight is included as revenue unless the OPUS Group is only acting as an agent in respect of these charges. This may be the case where there is no profit element in the insurance and freight charged to the customers, so that these charges are merely the reimbursement of expenses. In this situation any consideration attributable to these elements is netted off against the carriage costs (freight etc.) in the profit or loss. However where the OPUS Group is able to determine the additional margin on the CIF charges, revenue includes the full CIF selling price, as the recharge of the CIF elements is effectively a revenue-earning part of the transaction.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 1. Summary of significant accounting policies (continued)

##### (e) Revenue recognition (continued)

###### **Revenue (continued)**

###### *Volume, settlement and general discounting*

The OPUS Group may offer customer discounts for either achieving a minimum threshold of purchases, for prompt settlement or a general discount for a specified arrangement. OPUS Group's revenue accounting policy requires the amount of revenue recognised under the transaction to be reduced by the amount of the discount at the time of the sale. At times this may require an estimation of the future discount or rebate which may be earned by the customer.

###### **Other income**

Other income, including dividends, is recognised when the income is received or becomes receivable.

###### *Government grants*

An unconditional government grant is recognised when the grant becomes receivable. Conditional government grants are recognised when there is reasonable assurance that they will be received and that the OPUS Group will comply with the conditions associated with the grant.

Grants that compensate for expenses incurred are recognised in profit or loss on a systematic basis in the same period in which the expenses are recognised. Grants that compensate for the cost of an asset are recognised in profit or loss on a systematic basis over the useful life of the asset.

##### (f) Finance income and expenses

Finance income comprises interest income on funds invested, dividend income and foreign currency gains. Finance income is recognised as it accrues, using the effective interest method. Dividend income is recognised on the date that the right to receive payment is established.

Finance expenses comprise interest expense on borrowings, foreign currency losses, losses on disposal of available for sale financial assets, losses recognised on hedging instruments that are recognised in profit or loss and losses on other derivative contracts (e.g. ineffective hedges).

##### (g) Investments in associates

Associates are all entities over which the OPUS Group has significant influence but not control or joint control.

The OPUS Group previously held 33⅓% shareholding in an associated company Denward Court Pty Limited which was deregistered from the Australian Business Register in November 2015. The investment in the associate is accounted for in the consolidated financial statements using the equity method of accounting after initially being recognised at cost.

Details relating to shareholding in this associate are set out in Note 14.

The OPUS Group's share of its associate's post-acquisition profits or losses is recognised in the Consolidated Statement of Profit or Loss and Other Comprehensive Income, and its share of post-acquisition movements in reserves is recognised in reserves. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. Dividends receivable from associates reduce the carrying amount of the investment.

When the OPUS Group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured long-term receivables, the OPUS Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 1. Summary of significant accounting policies (continued)

##### (h) Income tax

The income tax expense or benefit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements, and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Company's subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary difference and losses.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where there is a legally enforceable right to offset and the intention is to either settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

In addition to its own current and deferred tax amounts, the head entity also recognises the current tax liabilities (or assets) and the deferred tax assets arising from unused tax losses and unused tax credits assumed from each subsidiary in the tax consolidated group.

##### (i) Current and non-current classification

Assets and liabilities are presented in the Consolidated Statement of Financial Position based on current and non-current classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 1. Summary of significant accounting policies (continued)

##### (j) Parent entity financial information

The financial information for the parent entity, OPUS Group Limited, disclosed in Note 28 has been prepared on the same basis as the consolidated financial statements, except as set out below.

##### (i) Investments in subsidiaries

Investments in subsidiaries are accounted for at cost in the financial statements of OPUS Group Limited.

##### (ii) Tax consolidation

OPUS Group Limited and its wholly-owned Australian controlled entities have implemented the tax consolidation legislation. As a consequence, these entities are taxed as a single entity and the deferred tax assets and liabilities of these entities are set off in the consolidated financial statements. OPUS Group Limited and the controlled entities in the tax consolidated group account for their own current and deferred tax amounts. These tax amounts are measured as if each entity in the tax consolidated group continues to be a stand-alone taxpayer in its own right. In addition to its own current and deferred tax amounts, OPUS Group Limited also recognises the current tax liabilities (or assets) and the deferred tax assets arising from unused tax losses and unused tax credits assumed from controlled entities in the tax consolidated group.

The entities have also entered into a tax funding agreement under which the wholly owned entities fully compensate OPUS Group Limited for any current tax payable assumed and are compensated by OPUS Group Limited for any current tax receivable and deferred tax assets relating to unused tax losses or unused tax credits that are transferred to OPUS Group Limited under the tax consolidation legislation. The funding amounts are determined by reference to the amounts recognised in the wholly owned entities' financial statements. The amounts receivable/payable under the tax funding agreement are due upon receipt of the funding advice from the head entity, which is issued as soon as practicable after the end of each financial year. OPUS Group Limited may also require payment of interim funding amounts to assist with its obligations to pay tax instalments.

Assets or liabilities arising under tax funding agreements with the tax consolidated entities are recognised as current amounts receivable from or payable to other entities in the tax consolidated group. Any difference between the amounts assumed and amounts receivable or payable under the tax funding agreement are recognised as a contribution to (or distribution from) wholly owned tax consolidated entities.

##### (k) Goods and services tax (GST) and other similar taxes

Revenues, expenses and assets are recognised net of the amount of GST (or similar), except where the amount of GST incurred is not recoverable from the relevant taxation authority. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the Consolidated Statement of Financial Position are shown inclusive of GST.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from or payable to the relevant taxation authority are presented as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the tax authority.

##### (l) Leases

A distinction is made between finance leases, which effectively transfer from the lessor to the lessee substantially all the risks and benefits incidental to ownership of leased non-current assets, and operating leases under which the lessor substantially retains all such risks and benefits. Where a non-current asset is acquired by means of a finance lease, the lower of the fair value of leased property and the present value of the minimum lease payments is established as a non-current asset at the beginning of the lease term and amortised on a straight-line basis over its expected economic life. A corresponding liability is also established and each lease payment is allocated between the principal component and interest expense.

Notes to the Consolidated Financial Statements  
for the year ended 31 December 2015

1. Summary of significant accounting policies (continued)

(l) Leases (continued)

Minimum lease payments under finance leases are apportioned between the finance expense and the reduction of the outstanding liability. The finance expense is allocated to each period during the lease term so as to produce a constant rate of interest on the remaining balance of the liability. Operating lease payments net of any incentives received from lessor, are charged to the profit or loss on a straight-line basis over the period of the lease.

Contingent lease payments are accounted for by revising the minimum lease payments over the remaining term of the lease when the lease adjustment is confirmed.

(m) Impairment of assets

Intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment.

Assets that are subject to amortisation are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

Impairment losses are recognised in profit or loss.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Impairment losses recognised in respect of cash generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit (group of units) on a pro-rata basis.

For assets other than goodwill, impairment losses recognised in prior years are assessed at each reporting date for any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

*Assets carried at amortised cost*

For loans and receivables, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognised in profit or loss. If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in a debtor credit rating) the reversal of the impairment is recognised in profit or loss.

*Assets classified as available-for-sale*

If there is objective evidence of impairment for available-for-sale financial assets, the cumulative loss (measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss) is removed from equity and recognised in profit or loss. Impairment losses on equity instruments that were recognised in profit or loss are not reversed through profit or loss in a subsequent period.

If the fair value of a debt instrument classified as available-for-sale increases in a subsequent period and the increase can be objectively related to an event occurring after the impairment loss was recognised in profit or loss, the impairment loss is reversed through profit or loss.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 1. Summary of significant accounting policies (continued)

##### (n) Goodwill

###### *Recognition and nature*

Goodwill represents the excess of the cost of an acquisition over the fair value of the OPUS Group's share of the net identifiable assets of the acquired business/associate at the date of acquisition. Goodwill on acquisition of businesses is included in intangible assets. Goodwill acquired in business combinations is not amortised. Instead, goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses.

Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold. Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units that are expected to benefit from the business combination in which the goodwill arose. Goodwill on acquisitions of subsidiaries is included in intangible assets. Goodwill on acquisitions of associates is included in investments in associates.

###### *Impairment of goodwill*

Goodwill is not amortised but it is tested for impairment annually or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. An impairment loss in respect of goodwill cannot be reversed.

##### (o) Cash and cash equivalents

For the Consolidated Statement of Cash Flow presentation purpose, cash includes deposits at call, overdrafts and short-term deposits which are readily convertible to cash on hand and which are used in the cash management function on a day-to-day basis, net of outstanding bank overdrafts. Cash and cash equivalents generally have a three month or shorter term.

##### (p) Trade receivables

Trade receivables are recognised initially at fair value, less provision for impairment. Collectability of trade receivables is reviewed on an ongoing basis.

Individual receivables which are known to be uncollectible are written off by reducing the carrying amount directly. The trade receivables are assessed collectively to determine whether there is objective evidence that an impairment has been incurred but not yet been identified. For these receivables the estimated impairment losses are recognised in a separate provision for impairment.

Trade receivables for which an impairment provision was recognised are written off against the provision when there is no expectation of recovering additional cash.

Impairment losses are recognised in profit or loss within other expenses. Subsequent recoveries of amounts previously written off are credited against other expenses.

##### (q) Inventories

Inventories (including work in progress) are valued at the lower of cost or net realisable value. Cost of produced inventories comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated based on the basis of normal operating capacity. Costs of purchased inventory are determined after deducting rebates and discounts.

Cost of work in progress and finished manufactured products includes materials, labour and an appropriate proportion of factory overhead expenditure.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs to completion and selling expenses.

Notes to the Consolidated Financial Statements  
for the year ended 31 December 2015

1. Summary of significant accounting policies (continued)

(r) Investments and other financial assets

The OPUS Group classifies its financial assets in the following categories: financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments and available-for-sale financial assets. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and, in the case of assets classified as held-to-maturity, re-evaluates this designation at the end of each reporting period.

*Financial assets at fair value through profit or loss*

Financial assets at fair value through profit or loss are financial assets held for trading. A financial asset is classified in this category if acquired principally for the purpose of selling in the short-term. Derivatives are classified as held for trading unless they are designated as hedges. Assets in this category are classified as current assets if they are expected to be settled within 12 months; otherwise they are classified as non-current.

*Held-to-maturity investments*

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that the OPUS Group's management has the positive intention and ability to hold to maturity. If the OPUS Group were to sell other than an insignificant amount of held-to-maturity financial assets, the whole category would be tainted and reclassified as available-for-sale. Held-to-maturity financial assets are included in non-current assets, except for those with maturities less than 12 months from the end of the reporting period, which are classified as current assets.

*Available-for-sale financial assets*

Available-for-sale financial assets, comprising principally marketable equity securities, are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless the investment matures or management intends to dispose of the investment within 12 months of the end of the reporting period. Investments are designated as available-for-sale if they do not have fixed maturities and fixed or determinable payments and management intends to hold them for the medium to long-term.

*Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the OPUS Group provides goods or services directly to a debtor with no intention of selling the receivable. They are included in current assets, except for those with maturities greater than 12 months after the reporting date which are classified as non-current assets. Loans and receivables are included in receivables in the Consolidated Statement of Financial Position.

*Financial assets – reclassification*

The OPUS Group may choose to reclassify a non-derivative trading financial asset out of the held for trading category if the financial asset is no longer held for the purpose of selling it in the near term. Financial assets other than loans and receivables are permitted to be reclassified out of the held for trading category only in rare circumstances arising from a single event that is unusual and highly unlikely to recur in the near term. In addition, the OPUS Group may choose to reclassify financial assets that would meet the definition of loans and receivables out of the held for trading or available-for-sale categories if the OPUS Group has the intention and ability to hold these financial assets for the foreseeable future or until maturity at the date of reclassification.

Reclassifications are made at fair value as of the reclassification date. Fair value becomes the new cost or amortised cost as applicable, and no reversals of fair value gains or losses recorded before reclassification date are subsequently made. Effective interest rates for financial assets reclassified to loans and receivables and held-to-maturity categories are determined at the reclassification date. Further increases in estimates of cash flows adjust effective interest rates prospectively.

Notes to the Consolidated Financial Statements  
for the year ended 31 December 2015

1. Summary of significant accounting policies (continued)

(r) Investments and other financial assets (continued)

*Recognition and de-recognition*

Regular way purchases and sales of financial assets are recognised on trade-date (the date on which the OPUS Group commits to purchase or sell the asset). Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the OPUS Group has transferred substantially all the risks and rewards of ownership. When securities classified as available-for-sale are sold, the accumulated fair value adjustments recognised in other comprehensive income are reclassified to profit or loss as gains and losses from investment securities.

*Measurement*

At initial recognition, a financial asset is measured at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Changes in the fair value of monetary securities denominated in a foreign currency and classified as available-for-sale are analysed between translation differences resulting from changes in amortised cost of the security and other changes in the carrying amount of the security. The translation differences related to changes in the amortised cost are recognised in profit or loss, and other changes in carrying amount are recognised in other comprehensive income (equity). Changes in the fair value of other monetary and non-monetary securities classified as available-for-sale are recognised in other comprehensive income (equity).

Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Gains or losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category are presented in profit or loss within other income or other expenses in the period in which they arise. Dividend income from financial assets at fair value through profit or loss is recognised in profit or loss as part of revenue from continuing operations when the OPUS Group's right to receive payments is established. Interest income from these financial assets is included in the net gains/ (losses).

Loans and receivables and held to maturity investments are subsequently carried at amortised cost using the effective interest method.

(s) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the drawdown occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the Consolidated Statement of Financial Position when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income or finance costs.

Where the terms of a financial liability are renegotiated and the entity issues equity instruments to a creditor to extinguish all or part of the liability (debt for equity swap), a gain or loss is recognised in profit or loss, which is measured as the difference between the carrying amount of the financial liability and the fair value of the equity instruments issued.

Borrowings are classified as current liabilities unless the OPUS Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 1. Summary of significant accounting policies (continued)

##### (t) Borrowing costs

Borrowing costs incurred for the construction of any qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed.

##### (u) Trade and other payables

These amounts represent liabilities for goods and services provided to OPUS Group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months from the reporting date. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

##### (v) Property, plant and equipment

###### *Cost and recognition*

All property, plant and equipment is stated at historical cost less accumulated depreciation and accumulated impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items. The cost of self constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the asset to a working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. Purchased software that is integral to the functionality of the related equipment is capitalised as part of the equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the OPUS Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the profit or loss during the financial period in which they are incurred.

###### *Depreciation*

Land is not depreciated.

Depreciation is recognised in profit or loss on a straight line basis over the estimated useful lives of each part of an item of property, plant and equipment.

The estimated lives used for depreciation purposes are generally as follows:

Building	7 to 25 years
Leasehold improvements	2 to 25 years
Plant and equipment	2 to 20 years
Office furniture and equipment	2 to 10 years
Motor vehicles	3 to 8 years
Computer equipment	1 to 5 years

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to OPUS Group. Gains and losses between the carrying amount and the disposal proceeds are taken to profit or loss.

###### *Leased assets*

Leased assets in terms of which the OPUS Group assumes substantially all of the risks and rewards of ownership are classified as finance lease assets. Upon initial recognition the leased asset is measured at an amount equal to the lower of its fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 1. Summary of significant accounting policies (continued)

##### (v) Property, plant and equipment (continued)

###### *IT development and software*

Costs incurred in developing products or systems and costs incurred in acquiring software and licenses that will contribute to future period financial benefits through revenue generation and/or cost reduction are capitalised to software and systems. Costs capitalised include external direct costs of materials and service and direct payroll and payroll related costs of employees' time spent on the project. Amortisation is calculated on a straight line basis or diminishing value basis over the specific useful life of the developed software.

IT development costs include only those costs directly attributable to the development phase and are only recognised following completion of technical feasibility and where OPUS Group has an intention and ability to use the asset.

##### (w) Provisions

Provisions are recognised when the OPUS Group has a present legal or constructive obligation as a result of past events it is probable that an outflow of resources will be required to settle the obligations and the amount has been reliably estimated.

Provisions are not recognised for future operating losses.

Provisions for legal claims, service warranties and make good obligations are recognised when OPUS Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of each reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

###### *Make good provision*

OPUS Group is required to restore the leased premises of its offices, factories and warehouses to their original condition at the end of the respective lease terms. A provision has been recognised for the estimated expenditure required to remove any leasehold improvements.

##### (x) Performance and financial guarantees

Performance guarantees are considered to be insurance arrangements and are accounted for as such. In this respect performance guarantees are treated as a contingent liability until such a time it becomes probable that the OPUS Group will be required to make a payment under the guarantee.

In respect of financial guarantee contracts, where the guarantor has previously asserted explicitly that it regards its financial guarantee contracts as insurance contracts and has previously accounted for them as such, then the guarantor has an accounting policy choice on a contract by contract basis. This accounting policy choice allows the guarantor to account for the financial guarantee as an insurance contract under AASB 4 *Insurance Contracts* or otherwise to recognise financial guarantee contracts as a financial liability at the time the guarantee is issued in accordance with AASB 139 *Financial Instruments: Recognition and Measurement*.

The liability is initially measured at fair value and subsequently at the higher of the amount determined in accordance with AASB 137 *Provisions, Contingent Liabilities and Contingent Assets* and the amount initially recognised less cumulative amortisation, where appropriate. The fair value of financial guarantees is determined as the present value of the difference in net cash flows between the contractual payments under the debt instrument and the payments that would be required without the guarantee, or the estimated amount that would be payable to a third party for assuming the obligations. Where guarantees in relation to loans or other payables of associates are provided for no compensation, the fair values are accounted for as contributions and recognised as part of the cost of the investment.

All financial guarantees are intra-group and eliminated on consolidation.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 1. Summary of significant accounting policies (continued)

##### (y) Employee benefits

###### *Short-term obligations*

Liabilities for wages and salaries, including annual leave and long service leave expected to be settled within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

A provision is recognised for an amount expected to be paid under short-term cash bonus or profit sharing plans if there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Other short-term employee benefit obligations are presented as payables.

Obligations for contributions to defined contribution plans are recognised as an expense in profit or loss as they are due.

###### *Other long-term employee benefit obligations*

The liability for long service leave and annual leave which is not expected to be settled within 12 months after the end of the period in which the employees render the related service is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the end of the reporting period on corporate bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

###### *Termination benefits*

Liabilities for termination benefits, not in connection with the acquisition of an entity or operations, are recognised when a detailed plan has been developed and a valid expectation has been raised with those employees affected, that the termination will be carried out. The liabilities for termination benefits are recognised in other creditors unless timing of the payment is uncertain, in which case they are recognised as provisions. Liabilities for termination benefits related to an acquired entity or operation that arises as a consequence of acquisitions are recognised as at the date of acquisition if, at or before acquisition date, the main features of the terminations were planned and a valid expectation had been raised with those employees affected, that the terminations would be carried out and this is supported by a detailed plan.

###### *Defined contribution superannuation expense*

Contributions to defined contribution superannuation plans are expensed in the period in which they are incurred.

##### (z) Contributed equity

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

Where any OPUS Group company purchases the Company's equity instruments, for example as the result of a share buy-back or a share based payment plan, the consideration paid, including any directly attributable incremental costs (net of income taxes) is deducted from equity attributable to the owners as treasury shares until the shares are cancelled or re-issued. Where such ordinary shares are subsequently re-issued, any consideration received, net of any directly attributable incremental transaction costs and the related income tax effects is included in equity attributable to the owners.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 1. Summary of significant accounting policies (continued)

##### (aa) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

##### (ab) Profits reserve

A profits reserve has been created representing profits of controlled entities within OPUS Group transferred to a separate reserve to preserve their profit character. Such profits are available to enable payment of franked dividends in future years.

##### (ac) Earnings per share

###### *Basic earnings per share*

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company, excluding any costs of servicing equity other than ordinary shares; and
- by the weighted average number of ordinary shares outstanding during the financial period, adjusted for bonus elements in ordinary shares issued during the year and excluding treasury shares.

###### *Diluted earnings per share*

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares; and
- the weighted average number of additional ordinary shares that would have been outstanding assuming the conversion of all dilutive potential ordinary shares.

##### (ad) Rounding of amounts

OPUS Group Limited is a company of the kind referred to in Class Order 98/100 issued by the Australian Securities and Investments Commission. This Class Order relates to the 'rounding off' of amounts in the Financial Report. Amounts in the Financial Report have been rounded off in accordance with that Class order to the nearest thousand dollars, or in certain cases, the nearest dollar.

##### (ae) Fair value measurement

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interests. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Assets and liabilities measured at fair value are classified, into three levels, using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. Classifications are reviewed at each reporting date and transfers between levels are determined based on a reassessment of the lowest level of input that is significant to the fair value measurement.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 1. Summary of significant accounting policies (continued)

##### (ae) Fair value measurement (continued)

For recurring and non-recurring fair value measurements, external valuers may be used when internal expertise is either not available or when the valuation is deemed to be significant. External valuers are selected based on market knowledge and reputation. Where there is a significant change in fair value of an asset or liability from one period to another, an analysis is undertaken, which includes a verification of the major inputs applied in the latest valuation and a comparison, where applicable, with external sources of data.

##### (af) Critical accounting estimates and assumptions

The OPUS Group makes estimates and assumptions concerning the future. The resulting accounting estimates may, by definition, not equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period are discussed below.

###### *Employee benefits provision*

As discussed in note 1(y), the liability for employee benefits expected to be settled more than 12 months from the reporting date are recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

###### *Estimation of useful lives of assets*

The OPUS Group determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment and finite life intangible assets. The useful lives could change significantly as a result of technical innovations or some other event. The depreciation and amortisation charge will increase where the useful lives are less than previously estimated lives, or technically obsolete or non-strategic assets that have been abandoned or sold will be written off or written down.

###### *Provision for impairment of receivables*

The provision for impairment of receivables assessment requires a degree of estimation and judgement. The level of provision is assessed by taking into account the recent sales experience, the ageing of receivables, historical collection rates and specific knowledge of the individual debtors financial position.

###### *Provision for impairment of inventories*

The provision for impairment of inventories assessment requires a degree of estimation and judgement. The level of the provision is assessed by taking into account the recent sales experience, the ageing of inventories and other factors that affect inventory obsolescence.

###### *Recognition of deferred tax assets*

Judgement is required in determining whether deferred tax assets are recognised on the Consolidated Statement of Financial Position. Deferred tax assets, including those arising from un-utilised tax losses, require management to assess the likelihood that the OPUS Group will generate taxable earnings in future periods, in order to utilise recognised deferred tax assets. Estimates of future taxable earnings in future periods, are based on forecasted taxable income.

###### *Share-based payment transactions*

The OPUS Group measures the cost of equity-settled transactions by reference to the fair value of the equity instruments at the date at which they are granted. The fair value is determined by using either the Binomial or Black-Scholes model taking into account the terms and conditions upon which the instruments were granted. The accounting estimates and assumptions relating to equity-settled share-based payments would have no impact on the carrying amounts of assets and liabilities within the next annual reporting period but may impact profit or loss and equity.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 1. Summary of significant accounting policies (continued)

##### (af) Critical accounting estimates and assumptions (continued)

###### *Make good provision*

A provision has been made for the anticipated costs for future restoration of leased premises. The provision includes future cost estimates associated with closure of the premises. The calculation of this provision requires assumptions such as application of closure dates and cost estimates. The provision recognised for each site is periodically reviewed and updated based on the facts and circumstances available at the time. Changes to the estimated future costs for sites are recognised in the Consolidated Statement of Financial Position by adjusting the asset and the provision. Reductions in the provision that exceed the carrying amount of the asset will be recognised in profit or loss.

##### (ag) New Accounting Standards and Interpretations not yet mandatory or early adopted

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by OPUS Group for the annual reporting period ended 31 December 2015. OPUS Group's assessment of the impact of these new or amended Accounting Standards and Interpretations, most relevant to OPUS Group, are set out below.

###### *AASB 9 Financial Instruments and its consequential amendments*

This standard and its consequential amendments are applicable to annual reporting periods beginning on or after 1 January 2018 and completes phases I and III of the IASB's project to replace IAS 39 (AASB 139) "Financial Instruments: Recognition and Measurement". This standard introduces new classification and measurement models for financial assets, using a single approach to determine whether a financial asset is measured at amortised cost or fair value. The accounting for financial liabilities continues to be classified and measured in accordance with AASB 139, with one exception, being that the portion of a change of fair value relating to the entity's own credit risk is to be presented in other comprehensive income unless it would create an accounting mismatch. Chapter 6 "Hedge Accounting" supersedes the general hedge accounting requirements in AASB 139 and provides a new simpler approach to hedge accounting that is intended to more closely align with risk management activities undertaken by entities when hedging financial and non-financial risks. OPUS Group will adopt this standard and the amendments from 1 January 2018 and the impact of its adoption is yet to be assessed by OPUS Group.

###### *AASB 2014-4 Amendments to Australian Accounting Standards - Clarification of Acceptable Methods of Depreciation and Amortisation*

These amendments are applicable to annual reporting periods beginning on or after 1 January 2016. AASB 2014-4 amends AASB 116 and AASB 138 to clarify that depreciation and amortisation should be based on the expected pattern of consumption of an asset, that the use of revenue based methods to calculate depreciation is not appropriate, and that there is a rebuttable presumption that revenue is an inappropriate basis for measuring the consumption of the economic benefit embodied in an intangible asset. The adoption of these amendments from 1 January 2016 will not have a material impact on the OPUS Group.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 1. Summary of significant accounting policies (continued)

##### (ag) New Accounting Standards and Interpretations not yet mandatory or early adopted (continued)

###### *AASB 15 Revenue from Contracts with Customers*

This standard is expected to be applicable to annual reporting periods beginning on or after 1 January 2018. The standard provides a single standard for revenue recognition. The core principle of the standard is that an entity will recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard will require: contracts (either written, verbal or implied) to be identified, together with the separate performance obligations within the contract; determine the transaction price, adjusted for the time value of money excluding credit risk; allocation of the transaction price to the separate performance obligations on a basis of relative stand-alone selling price of each distinct good or service, or estimation approach if no distinct observable prices exist; and recognition of revenue when each performance obligation is satisfied. Credit risk will be presented separately as an expense rather than adjusted to revenue. For goods, the performance obligation would be satisfied when the customer obtains control of the goods. For services, the performance obligation is satisfied when the service has been provided, typically for promises to transfer services to customers. For performance obligations satisfied over time, an entity would select an appropriate measure of progress to determine how much revenue should be recognised as the performance obligation is satisfied. Contracts with customers will be presented in an entity's statement of financial position as a contract liability, a contract asset, or a receivable, depending on the relationship between the entity's performance and the customer's payment. Sufficient quantitative and qualitative disclosure is required to enable users to understand the contracts with customers; the significant judgments made in applying the guidance to those contracts; and any assets recognised from the costs to obtain or fulfil a contract with a customer. OPUS Group will adopt this standard from 1 January 2018 and the impact of its adoption is yet to be assessed by OPUS Group.

#### 2. Profit / (loss) per share

	<b>Consolidated</b>	
	<b>Year ended 31 Dec 2015</b>	<b>Six months ended 31 Dec 2014</b>
Basic profit / (loss) per share (cents ¢)	12.50	(21.67)
Diluted profit / (loss) per share (cents ¢)	12.04	(21.67)

	<b>Consolidated</b>	
	<b>Year ended 31 Dec 2015 AUD\$'000s</b>	<b>Six months ended 31 Dec 2014 AUD\$'000s</b>
Profit / (loss) used in calculating basic and diluted earnings per share	12,047	(8,771)
	<b>'000s</b>	<b>'000s</b>
Weighted average number of ordinary shares used as the denominator in calculating the basic profit / (loss) per share	96,414	40,473
Adjustments for calculation of diluted earnings per share:		
Share options	3,670	-
Weighted average number of ordinary shares used as the denominator in calculating the diluted profit / (loss) per share	100,084	40,473

Details relating to share options are set out in Note 23.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 3. Financial risk management

The OPUS Group's activities expose it to financial risks such as currency risk, interest rate risk, credit risk and liquidity risk. The OPUS Group's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the OPUS Group. The OPUS Group uses different methods to measure different types of risk to which it is exposed. These methods include sensitivity analysis in the case of interest rate, foreign exchange and other price risks, ageing analysis for credit risk and beta analysis in respect of investment portfolios to determine market risk.

The OPUS Group holds the following financial instruments:

#### 31 December 2015

	Financial assets AUD\$'000s	Non- derivatives AUD\$'000s	Total carrying amount AUD\$'000s	Fair value AUD\$'000s
<b>Assets</b>

<b>Total current liabilities</b>	<b>-</b>	<b>18,496</b>	<b>18,496</b>	<b>18,496</b>
<b>Total financial liabilities</b>	<b>-</b>	<b>19,475</b>	<b>19,475</b>	<b>19,475</b>

#### (a) Foreign exchange risk

The OPUS Group is exposed to foreign currency risk on sales and purchases that are denominated in a currency other than the functional currencies applicable to each entity. The currencies in which transactions are primarily denominated are Australian Dollars ("AUD\$"), New Zealand Dollars ("NZD\$") Singapore Dollars ("SGD\$") and US Dollars ("USD\$"). Management evaluates their foreign currency risk using cash flow forecasts with the objective of keeping its exposure to a minimum. The OPUS Group may in certain circumstances use forward exchange contracts to hedge its foreign currency risk. When used, the contracts would normally have maturities of less than one year at reporting date. The OPUS Group does not hold or issue financial instruments for trading purposes. However, derivatives that do not qualify for hedge accounting are accounted for as trading instruments.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 3. Financial risk management (continued)

##### (a) Foreign exchange risk (continued)

The carrying amount of OPUS Group's foreign currency denominated financial assets and financial liabilities at the reporting date was as follows:

	Assets		Liabilities	
	2015 AUD\$'000	2014 AUD\$'000	2015 AUD\$'000	2014 AUD\$'000
New Zealand dollars	1,134	1,890	931	2,849
Singapore dollars	2,720	3,096	1,384	2,911
US dollars	4,788	229	57	-
Chinese Yuan	32	-	-	-
Hong Kong dollars	-	-	23	-
Pound Sterling	109	27	-	-
	<u>8,783</u>	<u>5,242</u>	<u>2,395</u>	<u>5,760</u>

OPUS Group had net assets denominated in foreign currencies of \$6,388,000 (assets \$8,783,000 less liabilities \$2,395,000) as at 31 December 2015 (2014: net liabilities \$518,000 (assets \$5,242,000 less liabilities \$5,760,000)).

##### Sensitivity Analysis

OPUS Group had net assets denominated in foreign currencies of \$6,388,000 (assets \$8,783,000 less liabilities \$2,395,000) as at 31 December 2015 (2014: net liabilities \$518,000 (assets \$5,242,000 less liabilities \$5,760,000)). Based on this exposure, had the Australian dollar weakened by 10% / strengthened by 5% (2014: weakened by 10% / strengthened by 5%) against these foreign currencies with all other variables held constant, OPUS Group's profit before income tax for the year / period would have been \$411,000 lower / \$773,000 higher (Six months ended 31 December 2014: loss \$52,000 lower / \$26,000 higher) and equity would have been no change (Six months ended 31 December 2014: Nil). The percentage change is the expected overall volatility of the significant currencies, which is based on management's assessment of reasonable possible fluctuations taking into consideration movements over the last 6 months each year and the spot rate at each reporting date. The actual foreign exchange gain / (loss) for the year ended 31 December 2015 was \$59,000 (Six months ended 31 December 2014: loss of \$69,000).

##### (b) Interest rate risk

Interest rate risk arises both where payments of floating interest are made and where the OPUS Group has fixed interest rate borrowings compared to the market. The OPUS Group monitors the current market rates and evaluates on an ongoing basis whether to borrow at fixed or floating rates with the objective of minimising interest payable.

The OPUS Group's main interest rate risk arises from cash at bank. Cash at bank at variable rates expose the OPUS Group to interest rate risk. Finance leases issued at fixed rates expose the OPUS Group to fair value risk. As at 31 December 2015, the OPUS Group has no interest bearing liabilities issued at floating rate (2014: \$1,900,000).

In July 2014, OPUS Group issued a promissory note of \$1,900,000 to Commonwealth Bank of Australia ("CBA") carrying interest at 6% p.a. with a repayment date on 31 July 2015 in accordance to the CBA debt novation deed. This was repaid on 30 January 2015.

##### Sensitivity Analysis

In managing interest rate and currency risks the OPUS Group aims to reduce the impact of short-term fluctuations on OPUS Group's earnings. Over the longer-term, however, permanent changes in foreign exchange and interest rates will have an impact on profit or loss. At 31 December 2015 it is estimated that an increase of one percentage point (Six months ended 31 December 2014: increase of one percentage point) in interest rates would increase OPUS Group's profit / (loss) before income tax for the year / period by approximately \$77,000 profit (Six months ended 31 December 2014: loss increase \$45,000).

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 3. Financial risk management (continued)

##### (c) Credit risk

Credit risk arises on financial assets where customers are given credit terms. In order to minimise credit exposure, management has a credit policy in place under which each new customer is individually analysed for credit worthiness before services are offered. The OPUS Group's exposure to credit risk is mainly influenced by its customer base. Credit risk is measured by estimating losses incurred at each reporting date based on historical experience.

The carrying amount of financial assets represents the OPUS Group's maximum credit exposure.

OPUS Group's maximum exposure to credit risk for trade receivables by geographic regions is as follows:

	Carrying Amount	
	2015 AUD\$'000s	2014 AUD\$'000s
New Zealand	522	1,132
Australia	15,123	12,253
Singapore	2,028	2,342
<b>Trade receivables (gross)</b>	<b>17,673</b>	<b>15,727</b>
Less: Allowances for doubtful debts	(848)	(234)
<b>Net trade receivables</b>	<b>16,825</b>	<b>15,493</b>

The ageing analysis of allowance for doubtful debts is as follows:

	2015 AUD\$'000s	2014 AUD\$'000s
31-60 days over standard terms	218	62
61+ days over standard terms	630	172
<b>Allowance for doubtful debts</b>	<b>848</b>	<b>234</b>

The status of net trade receivables at the reporting date is as follows:

	2015 AUD\$'000s	2014 AUD\$'000s
<b>Neither past due, nor impaired</b>		
Current	10,154	9,720
<b>Past due, but not impaired</b>		
1-30 days over standard terms	4,184	4,131
31-60 days over standard terms	1,866	1,101
61+ days over standard terms	621	541
<b>Net trade receivables</b>	<b>16,825</b>	<b>15,493</b>

##### (d) Liquidity risk

Liquidity risk represents the OPUS Group's ability to meet its contractual obligations. The OPUS Group evaluates its liquidity requirements on an ongoing basis using cash flow forecasting. In general, the OPUS Group generates sufficient cash flows from its operating activities and holds and retains cash to meet its obligations arising from its financial liabilities.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 3. Financial risk management (continued)

##### (d) Liquidity risk (continued)

The following table sets out the contractual cash flows for all financial liabilities at the reporting date:

	Statement of financial position AUD\$'000s	Contractual cash flows AUD\$'000s	0-1 years AUD\$'000s	1-5 years AUD\$'000s	More than 5 years AUD\$'000s
<b>31 Dec 2015</b>					
Finance lease liabilities	151	157	157	-	-
Amount due to fellow subsidiary	700	700	700	-	-
Trade and other payables	13,264	13,264	13,264	-	-
<b>Total financial liabilities</b>	<b>14,115</b>	<b>14,121</b>	<b>14,121</b>	<b>-</b>	<b>-</b>
<b>31 Dec 2014</b>					
Finance lease liabilities	2,118	2,284	1,259	1,025	-
Secured loans	1,900	1,957	1,957	-	-
Amount due to fellow subsidiary	4	4	4	-	-
Trade and other payables	14,759	14,759	14,759	-	-
<b>Total financial liabilities</b>	<b>18,781</b>	<b>19,004</b>	<b>17,979</b>	<b>1,025</b>	<b>-</b>

##### (e) Fair value of financial instruments

Unless otherwise stated, the carrying amounts of financial instruments reflect their fair value.

##### (f) Capital management

The OPUS Group's capital employed includes share capital, reserves and retained earnings, bank debt and borrowings and finance lease liabilities.

The OPUS Group's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The impact of the level of capital on shareholders' return is also recognised and the OPUS Group recognises the need to maintain a balance between the higher returns that might be possible with greater gearing and the advantages and security afforded by a sound capital position. The OPUS Group is not subject to any externally imposed capital requirements.

The allocation of capital between its specific business segments' operations and activities is, to a large extent, driven by optimisation of the return achieved on the capital allocated. The process of allocating capital to specific business segment operations and activities is undertaken independently of those responsible for the operation.

The OPUS Group's policies in respect of capital management and allocation are reviewed regularly by the Directors and did not change during the year.

## OPUS Group Limited and Controlled Entities

Bank debt and borrowings *	-	(1,900)
Finance lease liabilities	(151)	(2,118)
Cash and cash equivalents	11,459	7,119
Net cash	11,308	3,101
Total equity	27,649	16,267

\* Bank debt and borrowings excludes off balance sheet bank guarantees and letters of credit.

The financial position of OPUS Group continues its improvement after the recapitalisation transaction in late 2014. As at 31 December 2015, OPUS Group had total equity of \$27,649,000 (2014:\$16,267,000).

There is net working capital of \$16,448,000 (2014: \$5,314,000). The current ratio is 1.8 (2014: 1.2). OPUS Group has cash at period end of \$11,459,000 (2014: \$7,119,000). The only interest bearing liability is the finance lease liabilities of \$151,000 (2014: total bank debt and finance lease liabilities \$4,018,000). During the year, OPUS Group repaid the promissory note of \$1,900,000 plus accrued interest to Commonwealth Bank. OPUS Group's gearing ratio, which is calculated on the basis of the total interest-bearing debts over the total equity, is 1% (2014: 25%).

#### 4. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker. The Chief Operating Decision Maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board and the Chief Executive Officer ("CEO").

##### (a) Description of segments

Management has determined the operating segments based on the reports reviewed by the Chief Operating Decision Maker as defined above that are used to make strategic decisions.

These individuals review the business primarily from a product and service offering perspective and have identified two distinct operating segments: Publishing Services and Outdoor Media.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 4. Segment reporting (continued)

##### (a) Description of segments (continued)

###### *Publishing Services*

The Publishing Services Division provides digital and offset printing, and other ancillary business services including digital asset management, content management, back catalogue fulfilment, direct to consumer distribution and warehousing, variable data and intelligent mailing.

The division has short run, medium and long run production capabilities and in-house finishing.

The Publishing Services Division also has a business services model that enables the efficient and seamless content creation to consumption for the Federal government, government departments and agencies. This includes webhosting, electronic fulfilment, printing on demand and digital asset management. These capabilities have been extended to the publishing sector as well.

###### *Outdoor Media*

The Outdoor Media Division produces and distributes outdoor advertising material and corporate signage for the outdoor advertising industry and corporate signage market. The majority of the work performed by the Outdoor Media Division consists of billboards and posters and requires a rapid turnaround to meet strict advertising campaign deadlines.

##### (b) Segment revenue

Sales between segments are carried out on an arm's length basis and are eliminated on consolidation. The revenue from external parties reported is measured in a manner consistent with that in the Consolidated Statement of Profit or Loss and Other Comprehensive Income.

The revenue by geographic location is not used by the Chief Operating Decision Maker in reviewing the performance of the CGU. The Board considered the cost to develop it would be excessive.

##### (c) Intersegment transactions

Sales between segments are carried out arm's length and are eliminated on consolidation.

##### (d) EBITDA as monitored by the Board and Senior Management

The Chief Operating Decision Maker assess the performance of the operating segments based on a measure of EBITDA as monitored by the Board and Senior Management ("EBITDA"). This measure is consistent with the presentation of financial information internally for management accounts purposes.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 4. Segment reporting (continued)

##### (d) EBITDA as monitored by the Board and Senior Management (continued)

A reconciliation of EBITDA to the profit / (loss) before income tax per the Consolidated Statement of Profit or Loss and Other Comprehensive Income is as follows:

	<b>Consolidated</b>	
	<b>Year ended 31 Dec 2015 AUD\$'000s</b>	<b>Six months ended 31 Dec 2014 AUD\$'000s (restated)</b>
EBITDA on ordinary activities	13,697	1,950
Depreciation and amortisation	(3,685)	(2,848)
Finance income	77	26
Finance costs	(290)	(1,580)
Impairment of goodwill	-	(17,070)
Impairment of property, plant and equipment	-	(12,023)
Debt forgiveness (net)	-	23,692
Profit / (loss) before income tax per the Consolidated Statement of Profit or Loss and Other Comprehensive Income	<u>9,799</u>	<u>(7,853)</u>

Finance revenue and costs are not allocated to segments, as this type of activity is driven by the central treasury function, which manages the cash position of the OPUS Group.

##### (e) Segment information

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 6. Employee benefits expense

	Consolidated	
	Year ended 31 Dec 2015 AUD\$'000s	Six months ended 31 Dec 2014 AUD\$'000s
Salaries, wages and other staff costs	34,616	20,013
Superannuation	2,553	1,235
Total employee benefits expense per the Consolidated Statement of Profit or Loss and Other Comprehensive Income	37,169	21,248

OPUS Group Limited and its Controlled Entities contribute to a number of superannuation funds. The funds provide benefits on a cash accumulation basis for employees or their dependants on resignation, retirement, total and permanent disablement or death. Benefits are based on the contributions and net income thereon held by the funds on behalf of their members. The level of these benefits varies according to the fund to which the employee belongs. OPUS Group contributions to all superannuation funds are legally enforceable. Contributions may be made by the member in addition to OPUS Group contributions, as specified by the rules of the fund. OPUS Group contributions to employee superannuation funds within continuing operations during the year totalled \$2,553,000 (Six months ended 31 December 2014: \$1,235,000).

#### 7. Expenses

	Consolidated	
	Year ended 31 Dec 2015 AUD\$'000s	Six months ended 31 Dec 2014 AUD\$'000s
Bad debts expense	-	82
Provision for impairment of trade receivables	614	54
Realised foreign exchange (gain) / loss	(59)	69
Minimum lease payments related to operating leases	3,806	1,871

#### 8. Income tax

(a) *Income tax (benefit) / expense*

	Consolidated	
	Year ended 31 Dec 2015 AUD\$'000s	Six months ended 31 Dec 2014 AUD\$'000s
Current tax expense	795	579
Deferred tax benefit	(2,970)	(494)
(Over) / under provision in prior years	(73)	833
<b>Total income tax (benefit) / expense</b>	(2,248)	918
Deferred income tax included in income tax <i>(benefit) / expense</i> comprises:		
Increase in deferred tax assets – Note 18	(3,065)	-
Increase in deferred tax liabilities – Note 18	95	(494)
	(2,970)	(494)

**OPUS Group Limited and Controlled Entities**

**Notes to the Consolidated Financial Statements  
for the year ended 31 December 2015**

**8. Income tax (continued)**

(b) *Reconciliation of current income tax (benefit) / expense*

	<b>Consolidated</b>	
	<b>Year ended 31 Dec 2015 AUD\$'000s</b>	<b>Six months ended 31 Dec 2014 AUD\$'000s</b>
<b>Profit / (loss) before income tax</b>	9,799	(7,853)
Income tax using the OPUS Group's domestic rate of tax (30%)	2,940	(2,356)
Tax effect of amounts which are not deductible/(taxable) in calculating taxable income:		
Share of net profit in associate	(13)	(6)
Non-deductible impairment losses	-	5,024
Non-assessable debt forgiveness	-	(7,108)
Non-assessable items of a capital nature	(565)	-
Additional capital allowance	(102)	-
Foreign exchange differences on consolidation of New Zealand entities	-	343
Previously unrecognised tax losses now recouped to reduce current tax expense	(1,346)	-
Recognition of tax effect of previously unrecognised temporary differences	(2,821)	-
(Over) / under provision in prior years	(73)	833
Tax rate difference in overseas entities	(365)	327
Other	16	(7)
Current year / period tax losses not recognised	147	1,139
Current year / period temporary differences not recognised	(66)	2,729
<b>Total income tax (benefit) / expense</b>	<b>(2,248)</b>	<b>918</b>

(c) *Tax losses*

	<b>Consolidated</b>	
	<b>31 Dec 2015 AUD\$'000s</b>	<b>31 Dec 2014 AUD\$'000s</b>
Unused tax losses for which no deferred tax asset has been recognised	529	4,487
Potential tax benefit @ 28% *	147	-
Potential tax benefit @ 30%	-	1,346
Potential tax benefit at jurisdiction tax rates	147	1,346

\* New Zealand jurisdiction tax rate

Australian tax losses from prior years have been offset against current year taxable income as allowed under tax legislation.

Tax losses for which no deferred tax asset has been recognised in 2014 relate to the Australian tax jurisdiction. Tax losses related to New Zealand in 2015 is not likely to be recovered in the foreseeable future and hence have not been recognised.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 8. Income tax (continued)

##### (d) *Franking credits*

	Consolidated	
	2015 AUD\$'000s	2014 AUD\$'000s
Franking credits available for subsequent financial years based on a tax rate of 30%	23,761	24,133

The above amounts represent the balance of the Australian franking account as at the end of the financial year / period, adjusted for franking credits which are expected to arise from the payment of current tax liabilities.

#### 9. Auditors' remuneration

During the year / period the following fees were paid or payable for services provided by the auditor of the parent entity and its related practices:

	Consolidated	
	Year ended 31 Dec 2015 AUD\$	Six months ended 31 Dec 2014 AUD\$
<b><i>Audit services</i></b>

Closing balance 31 Dec 2014	1,976	8,392	102	124	333	367	11,294

##### (b) Impairment

During the year, no impairment losses (Six months ended 31 December 2014: \$12,023,000) were recognised. The impairment was a result of changing technology of the machines and conditions of the machines which indicate that the carrying amount may not be recoverable. The useful lives of existing machines were also reassessed based on their physical condition and OPUS Group's capital replacement plan.

##### (c) Finance Leases

The OPUS Group leases certain printing assets under finance lease agreements. The net carrying amount of these assets at 31 December 2015 is \$288,000 (2014: \$561,000). The leased printing assets secure the subgroups lease obligation.

#### 17. Non-current assets – intangibles

	Consolidated	
	2015 AUD\$'000s	2014 AUD\$'000s
Goodwill	-	-
<b>Total intangibles</b>	<b>-</b>	<b>-</b>

##### Reconciliations

Reconciliations of the carrying amounts of each class of intangible assets at the beginning and end of the financial year / period are set out below:

##### Carrying amount

	Consolidated Goodwill AUD\$'000s
Balance at 1 July 2014	16,779

Closing balance 31 December 2015	244	1,636	275	-	213	697	3,065

#### Recognition of deferred tax assets

Judgement is required in determining whether deferred tax assets are recognised on the Consolidated Statement of Financial Position. Deferred tax assets, including those arising from un-utilised tax losses, require management to assess the likelihood that the OPUS Group will generate taxable earnings in future periods, in order to utilise recognised deferred tax assets. Estimates of future taxable earnings in future periods, are based on forecasted taxable income. At 31 December 2015, the Group had not recognised a deferred tax asset of \$336,000 (31 Dec 2014: \$5,081,000), which includes tax losses of \$147,000 (31 Dec 2014: \$1,346,000) and temporary differences of \$189,000 (31 Dec 2014: \$3,735,000) in the New Zealand business (31 Dec 2014: Australian and New Zealand businesses) as they are not likely to be recovered in the foreseeable future.

#### Deferred tax liabilities

Deferred tax liabilities are attributable to the following:

Property, plant and equipment
Inventories

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 20. Interest bearing liabilities (continued)

##### *CBA debt financing*

In 2014, a promissory note of \$1,900,000 was issued to CBA as part of the recapitalisation. The promissory note carried interest at 6% p.a. with a repayment date of 31 July 2015 and was repaid on 30 January 2015.

##### *Unused facilities*

	<b>Consolidated</b>	
	<b>2015</b>	<b>2014</b>
	<b>AUD\$'000s</b>	<b>AUD\$'000s</b>
Fixed rate - expiring within one year (working capital facilities)	7,000	-
Floating rate - expiring within one year (guarantee facilities, corporate cards etc.)	272	-
Fixed rate - expiring beyond one year	-	7,000
	7,272	7,000

#### 21. Employee benefits

	<b>Consolidated</b>	
	<b>2015</b>	<b>2014</b>
	<b>AUD\$'000s</b>	<b>AUD\$'000s</b>
Employee benefits liability for annual leave and time in lieu	2,571	2,364
Employee benefits liability for long service leave – current	2,505	2,025
<b>Total current employee benefits</b>	5,076	4,389
Employee benefits liability for long service leave – non-current	448	614
<b>Total non-current employee benefits</b>	448	614
<b>Total employee benefits</b>	5,524	5,003

##### Employee benefits liability

The current provision for employee benefits includes accrued annual leave, time in lieu and long service leave. For long service leave it covers all unconditional entitlements where employees have completed the required period of service and also where employees are entitled to pro-rata payments in certain circumstances. The entire amount is classified as current, since the OPUS Group does not have an unconditional right to defer settlement. Based on past experience the OPUS Group does not expect all employees to take the full amount of leave or require payment within 12 months. At 31 December 2015 management estimate that approximately \$1,922,000 (Six months ended 31 December 2014: \$1,625,000) of the above current employee entitlement provision will not be taken within 12 months.

<b>Total non-current provisions</b>	915	-
<b>Total provisions</b>	915	698

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 22. Provisions (continued)

Deferred consideration

The deferred consideration is contingent on revenues generated from Blue Star customers using a contractual formula to assess the contribution of customers which were shared by the two entities. Settlement of the consideration for the acquisition is occur on a deferred basis over a two years period, based on the actual revenue contribution with minimum thresholds in place.

#### 23. Share capital

Ordinary shares entitle the holder to participate in dividends in proportion to the number of and amounts paid on the shares held. On a show of hands, every holder of ordinary shares present at a meeting in person or by proxy, is entitled to one vote, and upon a poll each share is entitled to one vote. Ordinary shares have no par value and there is no limit on the amount of authorised capital.

On 4 September 2014, OPUS Group signed a recapitalisation program deed with 1010 Group and a placement agreement with Wilson HTM Corporate Finance Limited. The recapitalisation plan was approved by shareholders of OPUS Group on 24 October 2014 and completed on 3 November 2014. 1010 Group converted \$20,880,000 of the novated CBA loan to equity in OPUS Group and forgave the balance of the loan. OPUS Group issued to 1010 Group 59,657,143 fully paid shares and 20 million options to subscribe for 20 million shares of OPUS Group at a total exercise price of \$7,000,000 (\$0.35 each), exercisable at any time up to and including 30 September 2017.

OPUS Group also issued 8,571,429 shares to Mr Celarc, an Executive Director, 11,428,571 shares to professional investors and 1,642,824 shares to existing shareholders, raising total of \$7,575,000.

On 24 October 2014, a resolution was passed to consolidate the Company's shareholding on the basis of 1 for every 10 shares.

Share options outstanding at the end of the year have the following expiry date and exercise price.

2014		Exercise price	Balance at the start of the period	Granted	Exercised	Expired/ forfeited/ other	Balance at the end of the period
Grant date	Expiry date						
3/11/2014	30/09/2017	\$0.35	20,000,000	-	-	-	20,000,000

# OPUS Group Limited and Controlled Entities

## Notes to the Consolidated Financial Statements for the year ended 31 December 2015

### 23. Share capital (continued)

For the options granted in November 2014, the valuation model inputs used to determine the fair value at the grant date, are as follows:

Grant date	Expiry date	Share price at grant date	Exercise price	Expected volatility	Dividend yield	Risk-free interest rate	Fair value at grant date
3/11/2014	30/09/2017	\$0.38	\$0.35	119.86%	0%	2.65%	\$0.2405

The fair value of the option grant was charged as part of the overall debt forgiveness benefit.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 24. Reserves and accumulated losses (continued)

##### (d) Nature and purpose of reserves

###### (i) Hedging reserve – cash flow hedges

The hedging reserve comprises the effective portion of the cumulative net change in the fair value of cash flow hedging instruments related to hedged transactions that have not yet occurred.

###### (ii) Foreign currency translation reserve

The foreign currency translation reserve comprises all foreign currency differences arising from the translation on consolidation of the financial statements of the subsidiaries, which do not have an Australian Dollar functional currency.

The OPUS Group funds its foreign operations through the use of internal borrowings between the OPUS Group businesses. These borrowings which are taken out to provide additional equity to the New Zealand operations have been designated as a net investment in the subsidiary. Foreign exchange loss of \$1,016,000 (Six months ended 31 December 2014: \$498,000) on translation of the loans to Australian Dollars at the end of the reporting period is recognised in other comprehensive income and accumulated in the foreign currency translation reserve.

###### (iii) Share option reserve

The share option reserve comprises the fair value of the share option on issue. On 24 October 2014, the OPUS Group granted 20 million options to 1010 Group to subscribe for 20 million shares of OPUS Group at a total exercise price of \$7,000,000 (\$0.35 each), exercisable at any time up to and including 30 September 2017 (refer to Note 23).

###### (iv) Profits reserve

The profits reserve represents profits of controlled entities within OPUS Group transferred to a separate reserve to preserve their profit character. Such profits are available to enable payment of franked dividends in future years. Dividends amounting to \$964,000 (Six months ended 31 December 2014: Nil) were distributed from the profits reserve during the year.

##### (e) Dividend

Dividends paid during the financial year / period were as follows:

	2015 AUD\$'000s	2014 AUD\$'000s
Interim dividend for the year ended 31 December 2015 of 1 cent (Six months ended 31 December 2014: Nil) per ordinary share	964	-
	964	-

On 29 February 2016 the directors declared a final dividend for the year ended 31 December 2015 of 2 cents per ordinary share to be paid on 10 June 2016, a total estimated distribution of \$1,928,000 based on the number of ordinary shares on issue as at 29 February 2016. As the dividend was fully franked, there are no income tax consequences for the owners of OPUS Group relating to this dividend.

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 25. Contractual commitments for expenditure

##### (a) Capital commitments

Aggregate capital expenditure contracted for at reporting date, but not provided for in the accounts due:

Plant and equipment  
**Total capital commitments**

Consolidated	
2015 AUD\$'000s	2014 AUD\$'000s
817	176
<b>817</b>	<b>176</b>

##### (b) Lease commitments

Non-cancellable operating lease rentals are payable as follows:

Not later than one year  
Later than one year but not later than five years  
More than five years  
**Total lease commitments**

Consolidated	
2015 AUD\$'000s	2014 AUD\$'000s
3,207	3,544
8,900	7,967
2,309	3,087
<b>14,416</b>	<b>14,598</b>

Certain of the properties are leased from related parties under non-cancellable operating leases. Refer to Note 27 for details of these related party leases.

##### (c) Finance lease commitments

Commitments in relation to finance lease payments are payable as follows:

Not later than one year  
Later than one year but not later than five years

Future finance charges  
Recognised as a liability

Representing finance lease  
Current - Note 20  
Non-current - Note 20  
Total finance leases

Consolidated	
2015 AUD\$'000s	2014 AUD\$'000s
157	1,259
-	1,025
<b>157</b>	<b>2,284</b>
(6)	(166)
<b>151</b>	<b>2,118</b>
151	1,139
-	979
<b>151</b>	<b>2,118</b>

The OPUS Group leases offices, factories, warehouses, plant and machinery and motor vehicles under non-cancellable operating leases and finance lease arrangements expiring within one to eight years. The leases have varying terms, escalation clauses and renewal rights. On renewal, the terms of the lease are generally re-negotiated.

#### 26. Contingent liabilities

The obligations of the OPUS Group under an operating lease agreement and commercial agreements amounts to \$701,000 in total, and are secured by a bank guarantee (2014: \$701,000).

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 27. Related parties

##### (a) Ultimate holding company

At 31 December 2015, 1010 Printing Group Limited holds 61.88% of OPUS Group and is effectively the ultimate holding company of OPUS Group.

##### (b) Transactions with other related parties

Below are OPUS Group transactions with related parties

Entity	Relationship with OPUS Group	Nature of transactions	Year ended 31 Dec 2015		As at 31 Dec 2015
			AUD		AUD
1010 Printing International Limited	Fellow subsidiary	Outwork	605,169	Payable	699,624
		Sales	2,923,471

OPUS Group also incurred outwork and interest expenses to 1010 Printing International Limited and Bookbuilders BVI Ltd of \$25,862 and \$798,000 for the period from 1 July 2014 to 3 November 2014.

##### (c) Key management personnel compensation

	Consolidated	
	Year ended 31 Dec 2015 AUD	Six months ended 31 Dec 2014 AUD
Short-term employee benefits	762,291	507,043
Post-employment benefits	43,493	31,398
Long-term benefits	19,403	5,794
<b>Total key management personnel compensation</b>	<b>825,187</b>	<b>544,235</b>

Details of above remuneration disclosures are provided in the Remuneration Report on pages 11 to 15.

##### (d) Lease costs

Ligare Pty Limited occupies a property in Riverwood, Sydney under a lease agreement with D.M.R.A Property Pty Limited, a company controlled by Mr Celarc, who is a shareholder and Director of OPUS Group Limited. The lease agreement expires in December 2016. Lease fees paid for the year total \$654,540 (Six months ended 31 December 2014: \$321,756). There was no outstanding balance with D.M.R.A Property Pty Limited at 31 December 2015 (2014: \$Nil).

## OPUS Group Limited and Controlled Entities

### Notes to the Consolidated Financial Statements for the year ended 31 December 2015

#### 27. Related parties (continued)

##### (e) Consulting fees

Consulting fees paid to Mr Celarc (Director) through Angrich Pty Limited for the year ended 31 December 2015 amounted to \$300,000 (Six months ended 31 December 2014: \$137,500).

Consulting fees of \$919,000 paid to Baron Partners Limited of which Mr Young (Director) is a director and substantial shareholder for the debt restructuring and recapitalisation of the OPUS Group before he was appointed as Non-Executive Director during six months ended 31 December 2014. No fee was paid in 2015. No outstanding due as of 31 December 2014 and 2015.

##### (f) Issue of shares and options with loan conversion and forgiveness

On 3 November 2014, OPUS Group issued and allotted 59,657,143 fully paid ordinary shares and 20 million options to 1010 Group in accordance to the recapitalisation. 1010 Group forgave the balance of the loan. OPUS Group also issued 8,571,429 shares to Mr Celarc, 11,428,571 shares to professional investors and 1,642,824 shares to existing shareholders and raised a total of \$7,576,000, as detailed in Note 23.

##### (g) Working capital facility

In September 2014, 1010 Group granted a working capital facility of \$7,000,000 at an interest rate of 6% p.a. for two years.

For personal use only

## Directors' Declaration

In the Directors' opinion:

- (a) the consolidated financial statements and Notes set out on pages 23 to 74 are in accordance with the Corporations Act 2001, including:
  - (i) complying with Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements, and
  - (ii) giving a true and fair view of OPUS Group's financial position as at 31 December 2015 and of its performance for the year ended on that date, and
- (b) there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable, and
- (c) at the date of this declaration, there are reasonable grounds to believe that the members of the extended Closed Group identified in Note 29 will be able to meet any obligations or liabilities to which they are, or may become, subject by virtue of the deed of cross guarantee described in Note 29.

Note 1(a) confirms that the consolidated financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

The Directors have been given the declarations by the Chief Executive Officer required by 295A of the Corporations Act 2001.

This declaration is made in accordance with a resolution of the Directors.

Richard Celarc  
Chairman  
29 February 2016, Sydney

## INDEPENDENT AUDITOR'S REPORT

To the members of OPUS Group Limited

### Report on the Financial Report

We have audited the accompanying financial report of OPUS Group Limited, which comprises the consolidated statement of financial position as at 31 December 2015, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the year's end or from time to time during the financial year.

#### Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error. In Note 1, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements comply with *International Financial Reporting Standards*.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

For personal use only

### Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of OPUS Group Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

### Opinion

In our opinion:

- (a) the financial report of OPUS Group Limited is in accordance with the *Corporations Act 2001*, including:
  - (i) giving a true and fair view of the consolidated entity's financial position as at 31 December 2015 and of its performance for the year ended on that date; and
  - (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*; and
- (b) the financial report also complies with *International Financial Reporting Standards* as disclosed in Note 1.

### Report on the Remuneration Report

We have audited the Remuneration Report included in pages 11 to 15 of the directors' report for the year ended 31 December 2015. The directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

### Opinion

In our opinion, the Remuneration Report of OPUS Group Limited for the year ended 31 December 2015 complies with section 300A of the *Corporations Act 2001*.
